Subject: Fwd: LA01/2018/1158/F - Retrospective Planning Application for Retention of 2 No. Farm Storage Sheds

Good afternoon Adam,

I visited this site again yesterday and have taken some photos inside the existing buildings and the machinery stored in them. I had noted that the report stated no receipts to prove ownership of the machinery had been provided. Prior to speaking at committee I would like to address this and would ask that you mark which machinery you would like receipts for and I will provide these next week.

Regards,

Chris
