- All capital and resource expenditure to be reviewed by the committee before going to full council;
- To revise and manage the limits of authority on Officer spend;
- To investigate, review and set targets for efficiencies and income for each department.
- To implement and review a 3 year rolling budget/forecast

- Recommending to Council the resolution of any associated issues;
- Considering the resource implications of any recommendations;

- To review the annual statement of accounts. Specifically, to consider whether appropriate accounting policies have been followed and whether there are concerns arising from the financial statements or from the audit that need to be brought to the attention of the Council;
- Require the attendance of any officers as required;
- Receive a rolling programme of finance related presentations from all service areas.
