	EQIA Required and Completed:	N/A	Date:
Rural Needs Assessment (RNA)	Screening Completed	N/A	Date:
	RNA Required and Completed:	N/A	Date:
Data Protection Impact Assessment (DPIA)	Screening Completed:	N/A	Date:
	DPIA Required and Completed:	N/A	Date:

1.0 Purpose of Report

- 1.1 The purpose of this report is to advise members of the recent publication of Noise Complaint Statistics for Northern Ireland 2022-2023 by the Department of Agriculture Environment and Rural Affairs (DAERA).

2.0 Background

- 2.1 DAERA publishes noise complaint statistics to inform central government, district councils, the general public and any other interested parties as to the number and nature of noise complaints received each year by district councils across Northern Ireland. The report for 2022-2023 can be found at <https://www.daera-ni.gov.uk/publications/noise-complaint-statistics-northern-ireland-2022-2023>
- 2.2 The DAERA report analysed noise complaint data supplied by all 11 councils between 1 April 2022 and 31 March 2023. During this period 11,338 noise complaints were received in Northern Ireland of which 454 (4%) were received by Causeway Coast and Glens Borough Council compared to 596 in the previous year.
- 2.3 During 2022-23 the total number of noise complaints received across Northern Ireland decreased by 14.5% from the previous year.
- 2.4 Analysis of the data reveals that domestic noise accounted for 77% of all complaints, followed by complaints relating to commercial and leisure (11%), noise in the street (5%) and construction (3%).
- 2.5 During 2022-2023 there was a 34.6% decrease in the number of noise abatement notices served by Councils (225 compared to 344 served in 2021-22). There were 4 prosecutions for the 2022/23 year, compared to no prosecutions in 2021/22 and 2 prosecutions in 2020/21.
- 2.6 The information in this report is an important indicator of the increasing public awareness of noise issues and the effectiveness of current noise controls. The statistics provided by district councils enable the DAERA to target policy development, such as through the application of the powers in the Noise Act 1996 following the introduction of the Clean Neighbourhoods and Environment Act (Northern Ireland) 2011 in April 2012.
- 2.7 Causeway Coast and Glens Borough Council's Environmental Health team continues to participate in the Nightsafe initiative in partnership with NIHE, Ulster University, PSNI and the local community. Council Officers and the PSNI carry joint patrols of residential student areas in Portrush/Portstewart between the hours of 8pm and 2am. These patrols are undertaken during the University's academic semester and focus on issues such as noise, antisocial behaviour, littering, drinking in public places, personal and property safety.

2.8 Council subscribes to the Noise App which is free to download and enables real time audio recordings to be submitted directly to Councils Environmental Health team as part of ongoing noise complaint investigations. Further information on the Noise App can be found on Council's website at <https://www.causewaycoastandglens.gov.uk/live/health-and-built-environment/environment-health-and-well-being/environmental-protection/noise-control/recording-noise-nuisance-the-noise-app>

3.0 **Recommendation**

It is recommended that the report be noted.
