

Addendum

LA01/2017/0908/F

Full Planning

Update

An email was received from the agent, 22nd January 2018.

The email reiterates the points raised during the application, that the planning application is sought to replace the existing building, due to the considerable costs to convert it. Please refer to Paragraphs 8.8 to 8.12 of the Planning Committee Report.

The email also refers to a previous planning application presented to Council, detailed in Paragraph 8.10 of the Planning Committee Report. While officials recommended that the proposed did not meet policy requirements, the Planning Committee took a different view on the basis of the particular circumstances of that case.

Recommendation

That the Committee notes the content of this addendum and agrees with the recommendation to refuse as set out in paragraph 9.1 of the Planning Committee Report.
