The Mayor of Causeway Coast and Glens Borough Council, Councillor Steven Callaghan QPM.

## A message from the Mayor

Welcome to the 2024 edition of **Citizens' Newsletter**, our annual magazine which offers a glimpse into some of the fantastic work being undertaken by Council.

As you will see, we have a bumper events calendar to look forward to for the year ahead, including the highly anticipated return of the NI International Air Show to Portrush, following a five-year absence.

Work has been completed on upgrading fitness suites at our leisure centres across the Borough following a £600,000 investment, providing modern facilities to help encourage an active lifestyle.

Council continues to champion sustainability in all its forms through our LiveSmart campaign; a great example of this is the '2GoCup' scheme, a pioneering new initiative that aims to eliminate single use plastic cups and help keep our Borough beautiful.

I know that for many of you, the rising cost of living continues to present challenges that can sometimes feel overwhelming. Please don't be afraid to ask for help; whether it be issues such as financial difficulties, loneliness or anything else, I would encourage you to seek support from the very approachable organisations we have here in the Borough, such as The Salvation Army, St Vincent de Paul Society or local church and community groups.

As Mayor, I take immense pride in representing the people of Causeway Coast and Glens and I will continue to do my utmost to advocate for this fantastic area on your behalf.

**Councillor Steven Callaghan QPM**

# Courtyard Café goes 'CupSmart'

Café on ambitious mission to eliminate single use cups

Disposable drinks cups often end up as litter across our Borough, impacting our towns and villages, countryside and marine environment. It is estimated that we use over 70 million single use drinks cups each year in Northern Ireland, with only 11% of these taken home to be disposed of. Couple this with the astonishing statistic that up to 70% of people here have a reusable cup but only 15% use it regularly, you can see we have a problem.

What's the solution? The Courtyard Café in Ballycastle, part of the Ballycastle Community Hub charity, has embarked on an

ambitious mission to eliminate single use cups, saving money in the process and playing its role in reducing litter in one of the many beautiful parts of our Borough.

The introduction of the '2GoCup' scheme in conjunction with Council is a strong and positive statement. Its impact is only eclipsed by its simplicity – you order a hot drink in the Courtyard Café, pay a £2 deposit for your reusable cup and enjoy your drink. If you bring the cup back, you can reuse it or ask for your deposit back. If you don't bring it back, the café retains your £2 deposit which coincidentally is the cost

of a new cup.

CupSmart, part of the LiveSmart campaign offered by Council, promotes not just having a reusable cup but using it regularly. LiveSmart contains many campaigns for practical engagement in a range of environmental issues.

## Recycling Locator

Let's get it right

We all get recycling. Now let's get it right. There's more to do so let's make it part of our everyday life. Today, the work is about recycling more of the right things, more often.

Check out how and where to recycle an item correctly by using the recycling locator. Simply enter your postcode into <https://www.recyclenow.com/recycle-an-item> to get advice on recycling at home.

## Make the most of your food waste recycling service

Most of us agree that food is increasingly expensive and reducing food waste is important, yet food waste still makes up a third of our black bin rubbish.

Food waste is the single most significant recyclable material in the black bin. Make your caddy and brown bin the only place for food waste.

The best thing we can do with our food is enjoy

it, but for food that can't be eaten or used, make your caddy the go-to bin. From coffee grounds and fruit skins to bones and eggshells, there is no amount too small. Emptying your kitchen caddy regularly and using a liner will keep it fresh.

Our brown bin waste is made into garden compost in Northern Ireland, creating local jobs and new product.

**We all get recycling. Now let's get it right.**

Use a liner and empty your caddy regularly

# Explore the place you call home.

With Easter around the corner and the weather getting better, the Causeway Coast and Glens tourism team encourage everyone to be a 'Tourist at Home' this year.

When was the last time you enjoyed one of our many unique experiences, our local food and drink, our exciting events and our breath-taking scenery? Often the only time we enjoy these experiences is when we have our own visitors.

Tourism in Causeway Coast and Glens is worth over £192million, it attracts and creates jobs, sustains communities and enriches our lives.

There is no better way to understand the value of the industry and its appeal than to discover what's on your doorstep.

#### This spring why not:

- Take your camera for a walk
- Get up for sunrise
- Visit a viewpoint
- Walk a route you normally drive
- Take a guided tour with one of our many qualified guides
- Eat at a local award winning restaurant
- Book a staycation

For advice on what to see and do in the Causeway Coast and Glens visit one of our Visitor Information Centres or [www.visitcausewaycoastandglens.com](http://www.visitcausewaycoastandglens.com)

# Fitness suites transformed following £600k investment

Citizens and visitors to the Borough who have recently attended one of Council's Leisure Centre Fitness Suites will have experienced a complete transformation in the offering available.

Following an investment of £600,000 by Council, fitness suite upgrade projects were undertaken at Coleraine Leisure Centre, Roe Valley Leisure Centre, Joey Dunlop Leisure Centre and Shesburn Recreation Centre.

The upgrade projects feature a full range of Pulse Fitness, state of the art equipment, including free weights, strength

and conditioning and functional training kit. The change of décor within the facilities also provides a welcome, modern, motivating environment for individuals to achieve their goals.

Welcoming the upgrades, the Mayor of Causeway Coast and Glens, Councillor Steven Callaghan said: "We know that living an active lifestyle is very important for overall wellbeing, and Council is committed to helping our residents achieve this through the facilities and services that we provide.

"The upgraded spaces and equipment coupled with our knowledgeable staff, who are

here to assist and guide users, is a great asset to the Borough and places Causeway Coast and Glens Borough Council at the forefront of fitness provision in the area."

Citizens can use any of the facilities on a pay-as-you-go basis or by availing of one of our membership options like Active Plus or Thrive Household.

# Growth Deal is moving forward

Over the next few years, it is envisaged that Northern Ireland will benefit from a package of investment from four City and Growth Deals. The combined funding from the Northern Ireland Executive and UK Government will total £1.3bn, which will be complemented by the private sector and other sources of funding.

One of the four deals is the Causeway Coast and Glens Growth Deal. Our Growth Deal is anticipated to see Causeway Coast and Glens receive £72m capital funding after the NI Executive agreed to match fund the UK Government's Growth Deal allocation.

The following objectives have been established for the Growth Deal:

1. Attract, support and **grow more business**, with a focus on export;
2. Position Causeway Coast and Glens as the

**'go-to' region for both business and pleasure;**

3. **Regenerate** some of the areas smaller settlements into thriving and sustainable rural economies;

4. Improve key elements of the **tourism transport network** and tourism destinations;

5. Work with education and employers to raise aspirations and **improve employability and skills**.

The deal has identified three key themes/sectors to help grow the local economy and up to nine prospective projects, as follows:

- Tourism and regeneration;
- Infrastructure; and
- Digital & Innovation

Further details on the projects will be published when Heads of Terms have been agreed with Government in Spring 2024.

# 'World of Stories' project explores history of migration to our Borough

During 2023, Council's Good Relations and Museums teams combined their efforts to produce an exhibition entitled 'World of Stories', which explored the 20th and 21st century experiences of those who resettled here from around the world. The project explored both historical records and personal experiences, some joyous and some heartbreaking.

All parts of the World of Stories project can be viewed at <https://niarchive.org/aworldofstories>

People migrate to other countries for various reasons, and many of us have stories about where our own family hailed from originally. Some will move

to escape danger, for love, or to seek a better life. Many of those who come here contribute positively to the workforce, for example when we have a shortage of doctors.

For those fleeing danger, the terminology can be confusing: an Asylum Seeker is someone who has fled their home country due to persecution, war or violence and is seeking protection elsewhere, a human right enshrined in international law. Usually, they will have experienced significant trauma on their way to a safer place, then go through a lengthy process to establish if they are allowed to remain. Throughout this time, they cannot

work or receive state benefits, but are placed into basic accommodation and given between £9 and £45 per week, all funded by the Home Office. A Refugee is someone who has been granted the right to remain and can work.

Our Borough has a rich and diverse community and Council, like all public bodies, has a statutory duty to promote Good Relations between all of its residents.

To find out more about some of the work carried out through council's Good Relations team, please visit <https://www.causewaycoastandglens.gov.uk/live/good-relations>

# Our commitment to improving accessibility

As a Council, we strive to improve accessibility for all our citizens and visitors.

We will:

- Listen to you.
- Review emerging issues and put necessary actions in place.
- Include an equality/inclusion action per year in all service areas.
- Review and identify borough-wide options for teenager activity.
- Continue to run events in smaller areas within our borough.
- Extend our accessible communication provision for example

Easy Read, Makaton use, premises mapping, accessible site videos etc.

- Retrain staff on 'Just a Minute' (JAM) awareness.
- Achieve Autism Impact awards at our 3 main Leisure Centres and continue our work towards becoming an Autism Friendly borough.
- Review the condition of all our assets using the Equality Commissions Every Customer Counts Audit process to identify and schedule improvements.
- Review public toilet provision.
- Continue to deliver inclusive cultural arts programmes in our facilities.

We need your help and support to become as inclusive as possible!

You can do this by:

- Becoming a consultee who we contact with surveys;
- Joining our equality forum which meets once per quarter;
- Emailing us with suggestions for improvement;
- Telling us your needs or about issues you found when using our facilities.

# Cyber Safety resource launched to help protect young people online

Causeway Coast and Glens PCSP has launched a 'cyber safety' resource - the only one of its kind in Northern Ireland.

The PCSP partnered with the NSPCC, the Northern and Western Health Trusts and the Education Authority to develop the toolkit, which aims to support young people with topics such as:

- suicide, mental health, and self-esteem
- online bullying

- gaming and gambling
- sharing and receiving inappropriate images

The resource is intended to be used by a range of organisations, such as in schools or youth groups. It provides animations, lesson plans and other supporting resources designed to support young people in need.

The free resource can be viewed at <https://view.pagetiger.com/online-safety-and-mental-health>
