

Do not underestimate
the value of a small thing

No ordinary
Joe

Things seemed
simpler to Wilbur
in the trees

Created during her time here at Flowerfield (June–November 2019) as our first Springhall Artist in Residence, Dreamer's Space by Corrina Askin is a series of subtle, remarkable artworks throughout the Arts Centre and surrounding park, which invite you to explore and imagine.

It celebrates creativity in all its guises and the power of the imagination, drawing together elements of art, nature and the environment, philosophy and mindfulness. Dreamer's Space is for everyone and every age. It encourages play and invention, stillness and thought, respect and self-awareness.

The Springhall Artist in Residence annual scheme is made possible by the generous bequest of local resident and Flowerfield patron, John Onslow Springhall, allowing artists of different disciplines to have time to develop their own creative work, inspired by the Causeway Coast & Glens area, and to bond with our local communities through an invaluable engagement programme.
