NILGA, supported by Fermanagh & Omagh District Council, invites you to the **Driving Government Locally Summit** to address:

- How can local government deliver on the Programme for Government?
- How can City Deals and Rural Investment boost our economy?
- How can community cohesion and environmental goals be achieved?
- How can cross-border cooperation be secured?

Why attend?

Elected members, council officers and partner agencies are invited to attend the event and share their ideas on how local government can drive policy reform, the economy and community wealth.

As well as high level speakers from central and local government, academia and policy experts the event will feature four round tables on protecting our environment; sustainable and influential councils; community cohesion; and growing local economies. It will also inform on the opportunity to deliver real devolution, reshape the funding landscape and nurture cross-border cooperation.
