1.1 Background

Causeway Coast and Glens Borough Council approved an updated Procurement Policy in March 2019.

1.2 Detail

The new policy addresses a number of recommendations that had been made in reference to the old policy. One such recommendation was the inclusion of guidance around single tender actions or Direct Award Contracts (DAC). The policy gives guidance and sets out a procedure to follow in such circumstances.

1.3 DAC Process

In all cases where council staff are considering the use of the award of a contract without competition, they must seek guidance from the procurement officer before proceeding as such an approach will be easily challenged in the courts unless rigorously supported by appropriate documentation and completed in accordance with the legislative requirements.

Authorisation required

When a member of council staff has spoken with the procurement officer - and discussed all the alternative options available - and wishes to proceed with the award of a contract without competition the staff member should seek approval of their approach from the Senior Management Team before seeking Council approval to award.

A detailed report should be completed by the member of staff requesting the contract award explaining their rationale and the consideration given to all alternative options in conjunction with discussions between the staff member and the procurement officer. The template provided in **Annexe 6 – Direct Award Contract Form** should be fully completed by the member of staff requesting the contract award.

Once completed, this document will require authorisation from the Senior Management Team before proceeding to the relevant committee for consideration. Upon agreement from the Council the staff member should contract the procurement officer to assist with the contract award to the chosen supplier.

1.4 DAC Approvals

The purpose of this short report is to inform members of those DAC's which have been approved since 2 December 2019 and these are listed below, it should be noted that none of these required Council approval at the point of award:
