Dear Oliver (Planning Committee Chair) and Denise

Further to the planning committee meeting tomorrow, i am writing regarding the above application, NIEA have raised a few issues / queries with this application, we have contacted an expert/consultant that can deal with these queries / issues who will be providing us with the information to alleviate Niea's concerns.

I would be grateful if this application can be deferred so we can submit this information as soon as we receive it so that NIEA can be reconsulted.

Regards

Andy Tate
