The purpose of this report is to seek approval from Members on the reviewed Grant Funding Policy and proposed Funding Programmes for 2016/17.

Background

Council is committed to distributing available grants fairly, efficiently and effectively. The purpose of Council's Grant Funding Policy is to outline the agreed approach to Grant Funding in relation to resourcing external bodies to assist in the delivery of its strategic objectives and priorities.

In December 2014 Council approved the draft Grant Funding Policy for the distribution of grants for the 2015-2017 period. This policy has been reviewed and is being presented to Council with the proposed grant funding programmes for the period 2016-17.

(The Policy is attached as Annex 1 and the Proposed Grant Programmes for 2016-17 are detailed in Table 1 below).

Grant Funding Policy

The policy sets out a framework for the processing of grants. The overall aim of the funding process outlined in the policy is:

"To have a consistent, customer focused process with relevant assessment and evaluation procedures with appropriate appeal and monitoring systems in place".

Principles

- Grant funding awards are at the sole discretion of Council but will be dependent on the Council's available and agreed level of funding which is determined in the annual budget.
- Activities grant funded must be fully consistent with the strategic aims and priorities of the strategies to be addressed.
- Due regard will be given to equality considerations in accordance with Section 75 and any other statutory duty.
- All funding applications will be determined on their objective merits. No organisation is entitled to funding because it may have been granted funding in the past or for any other reason.

- Council must ensure proper, prudent and effective use of Public Money.
- Contracted services must be tendered in adherence to the Council's Procurement Process.
- Eligibility for funding is enabled through the grant programmes with specified criteria. This allows Council to focus on supporting organisations to achieve their best and to meet clearly identified needs, which must all be bound by Council's strategic priorities.

Grant Funding Programmes 2016-17

The proposed grant funding programmes will target resources to meet identified need and will further Council's objectives as outlined in the Council's Corporate Plan and individual Service Strategies. The Grants Funding Process is detailed in Appendix 1 of the Grant Funding Policy.

Calls for applications will start in late November / early December 2015 with the opening of the Community and Culture Grants. Assessment of the first wave of programme funds will be carried out in February with recommendations for funding being brought to Council in March 2016.

The proposed programmes for 2016 – 17 are:

- Community Development Support Grant.
- Community Festivals Fund.
- Social Inclusion Grant.
- Good Relations Building a United Community
- Culture, Arts, Heritage Grant.
- Tourism and Recreation Major Events.
- Tourism and Recreation Minor Events.
- Seed funding for new & innovative ventures.
- Sport and Wellbeing Small Grants.

1. INTRODUCTION

The Grant Funding Policy is built on a set of agreed principles and an understanding that:

- Grant funding awards are at the sole discretion of Council but will be dependent on the Council's available and agreed level of funding which is determined in the annual budget.
- Activities grant funded must be fully consistent with the strategic aims and priorities of the strategies to be addressed.
- Due regard will be given to equality considerations in accordance with Section 75 and any other statutory duty.
- All funding applications will be determined on their objective merits. No organisation is entitled to funding because it may have been granted funding in the past or for any other reason.
- A consistent, customer focused process is required in relation to grant applications with relevant assessment and evaluation procedures with appropriate appeal and monitoring systems in place.
- Council must ensure proper, prudent and effective use of Public Money.
- Contracted services must be tendered in adherence to the Council's Procurement Process.
- Eligibility for funding is enabled through the grant programmes with specified criteria. This allows Council to focus on supporting organisations to achieve their best and to meet clearly identified needs, which must all be bound by Council's strategic priorities.

2. POLICY STATEMENT

Council is committed to distributing available grants fairly, efficiently and effectively. The purpose of this policy is to outline the Council's agreed approach to Grant Funding in relation to resourcing external bodies to assist in the delivery of Council's strategic objectives and priorities.

This policy is written for Councillors and the Council's officers and any who enquire about our policy and procedures. It applies to all dealings, whether formal or informal, between potential applicants and officers.

3. DEFINITIONS

Three terms for funding are defined in this policy:

- **Donation.** Something that is given to a charity or deserving cause, without return consideration. This lack of return consideration means that, in common law, an agreement to make a donation is an "imperfect contract void for want of consideration.
- **Grant.** A grant is a financial transfer used to fund an activity that is in broad alignment with the funder's objectives. Grant-in-aid is a payment to finance the costs of a body operating at arm's length.
- **Contract for Services.** Where a level of service is defined and commissioned by the funding body outside the grants regime, this forms a conventional trading relationship established through procurement. Procurement is defined as being the acquisition of goods and services from third party suppliers under legally binding contractual terms where all the conditions necessary to form a legally binding contract have been met. Such acquisitions are for the direct benefit of the contracting authority, necessary for the delivery of the services it provides or for the running of its own business.

This policy is relevant to the definition of grant funding.

4. ACCOUNTABILITY AND RESPONSIBILITIES

This section outlines the role of elected members, officers and others as appropriate, in relation to the Policy:

The Mayor and Elected Council Members are responsible for:

- *Accountability to the electorate to ensure proper, prudent and effective use of Public Money and Ensure Equality and the promotion of Good Relations are considered in all applications in line with section 75 of the Northern Ireland Act 1998.*

The Chief Executive is responsible for:

- *Accountability to the Council to ensure that activities that are grant funded are fully consistent with the strategic aims and priorities of the Causeway Coast & Glens Community Plan and the Council's Corporate Plan.*

The Directors are responsible for:

- *Being accountable to the Chief Executive for the application of a consistent, customer focused process with relevant assessment and evaluation procedures with appropriate appeal and monitoring systems in place.*

5. IMPLEMENTATION PROCEDURES

5.1 Underpinning Principles

Regardless of the means by which grant funding is awarded to a third party or arm's length organisation, the following principles, aims and objectives will apply. The policy acknowledges the need for a transparent and fair means of dispersing grant funding, while maintaining due diligence in the management of public monies.

The underpinning principles that have been identified are:

a. The Basic Funding Requirement is Based on established need

The overarching principle is that of meeting local needs which have been identified and prioritised by Council or by others but acknowledged by Council. Any activity that cannot be shown to meet the following basic requirements should not be provided with funding:

- Have a clearly identified need, shaped around the needs of the ratepayer.
- Can deliver outcomes which meet this need.
- Deliver cost effective and quality service provision, fitting with the purpose and remit of that funding.
- Be delivered by a credible organisation with the capacity to deliver the project as stated.
- Reflect the statutory remit of Causeway Coast & Glens Council, aligning with the Community Plan and the Council's Corporate Plan and relevant service plans of Council.

b. Accessibility

Information on all funding programmes will be available through the Council's website; and through other forms of media as required.

- Advice on completing the application forms will be available.
- Paper and electronic forms will be made available.
- Where required, Council will make information and application forms available in other formats in line with Equality legislation.

c. Clarity

- We will endeavour to keep the process straightforward, transparent and understandable.

d. Transparency, Equality and Accountability

- All decisions will adhere to this policy and criteria within programmes.
- A right of appeal will be available.

5.2 Aims & Objectives

The overall aim of the funding process is:

'To have a consistent, customer focused process with relevant assessment and evaluation procedures with appropriate appeal and monitoring systems in place.'

The objectives of this policy are to ensure that all funding and grants allocated will:

- Further the objectives as outlined within the Community Plan and Council's Corporate Plan.
- Target resources to meet identified needs.
- Maximise leverage (for example in kind contributions or match funding).
- Maximise sustainability (economic, environmental and social).
- Achieve greater accountability and openness.
- Ensure Equality and the promotion of Good Relations are considered in all applications in line with section 75 of the Northern Ireland Act 1998.
- Provide guidance to officers, members and voluntary and community organisations on policy for funding and support of local groups.

Applications received will be measured against these criteria and any specific criteria relating to individual grant streams. Weighting and scoring systems will be developed to ensure that all applications are treated consistently and fairly.

5.3 Availability of Funding

This policy only relates to funding that adheres to the following definition:

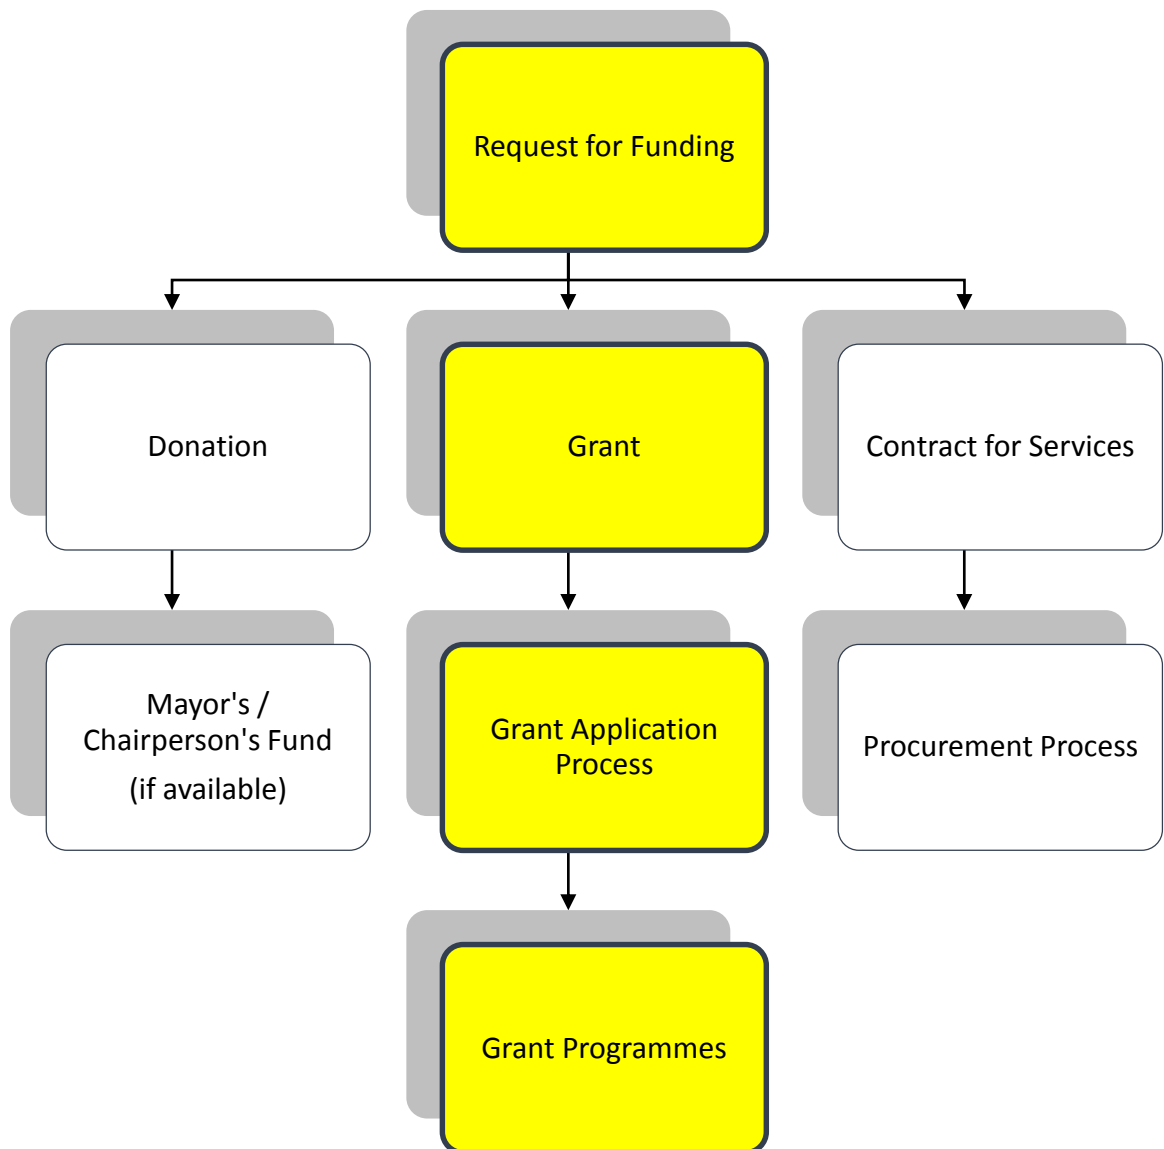

Grants - In line with the general note under Section 2, grants may be awarded through a variety of sources from within the Council.

APPENDIX I

The Process

While the criteria, target audience and purpose for each funding source will differ, all grants will be awarded after the following *broad* process has been undertaken:

Step	Actions	Remarks
1	Call for applications	Through media that may include; Council website, local media, email call, public advertising, community engagement or other methods.
2	Closing time and date for applications	This must be adhered to at all times – there are no exceptions for applications received after the closing time.
3	Opening of applications	Should be undertaken by the relevant officer in the presence of at least one other officer.
4	Assessment and initial award	Membership of the assessment panel and the scoring criteria may differ from one funding programme to another. Good practice would suggest that the scoring criteria should be agreed in advance of applications being sought and members of the assessment panel agreed in advance of applications being opened. The outcomes of the assessment process would be presented to the relevant Council committee for consideration and recommendation to full Council for approval.
5	Final award	Agreed by full council meeting.
6	Notification of results	All applicants should be notified of funding decisions at the same time.
7	Appeal procedure	The recommended appeals process is based on that used in current EU programmes: “The purpose of the Review Procedure is to ensure that the decisions taken and procedures followed by Committees for individual applications are applied fairly and consistently.” “The Review will provide an independent process through which an applicant will have the opportunity to demonstrate to the Review Panel that either: <ul style="list-style-type: none"> • The outcome was unreasonable or • That the proper procedures were not followed. “ “Appeals on any other ground will not be considered.”
8	Letter of offer issue and conditions	Templates may vary depending on funding programme. Council may attached conditions to it’s letters of offer to ensure protection of public funds and that objectives are met.
9	Claims, monitoring and evaluation.	Claims, Monitoring and Evaluation is on an outcome based approach. The benefits to be gained from this approach are substantial both in terms of greater value for money in use of grants and in substantially reduced administrative burden for all concerned.
