1.0 Introduction

Causeway Coast and Glens Borough Council is committed to supporting event organisers, with new/or existing events, which are based in the Borough. Events may have a single theme that attract visitors to the area and enhance the profile of the Borough through positive media coverage. To this end, Causeway Coast and Glens Borough Council has developed the Tourism Events Growth Fund to provide financial assistance to events taking place throughout the Borough as part of the Tourism Event Funding Programme (TEFP).

Therefore, parameters and eligible costs have been set out to encourage both event development and sustainability for existing events as well as to encourage innovation and creativity from new event organisers, all against a backdrop of nurturing public confidence in a Borough which is renowned for setting the stage for world class events.

You may find it helpful to discuss your project with an Officer within the Tourism Events Team before submitting your application:

Gareth Fall	0771224 5744	gareth.fall@causewaycoastandglens.gov.uk
Sara Adair	07856280307	sara.adair@causewaycoastandglens.gov.uk

Or if you require assistance in the completion of the application form you may find it helpful to speak to a member of the Funding Unit:

Christopher Dunne 07925036162 christopher.dunne@causewaycoastandglens.gov.uk

*The Officers named above from the Tourism Events Team and Officers from the Funding Unit are the main points of contact for all correspondence to do with your event application, delivery, and funding queries **without exception**. The Tourism Events Team **must be notified** of any proposed consultation with Council's elected members or Senior Leadership Team.

Context

Causeway Coast and Glens Borough Council recognise that as part of economic growth since the Covid Pandemic there is still a need to allow event organisers to have flexibility in outputs. It is important to support our events sector as they will play a massive part in reinvigorating our tourism offering as we adapt to changes in trends both from the visitor and from the business sector.

It is likely in the short to medium term that the demand will be from closer-to-home markets. As a destination it is therefore important to showcase our events with fresh offerings for delivering exceptional events that promote the Borough as an all-in-one experience to stay and play which will in turn generate economic benefit for the area.

Key features of this fund include:

- Tourism and economic targets have been revised to allow for greater flexibility of outputs.
- **The event must run as a 'live' event with an in-person audience in the form of a mass gathering or public festival.**
- As a contingency mechanism this grant funding application also provides an opportunity to detail your scenario planning. Should the governments guidance change relating to public health advice in relation to mass gatherings and events, Council will allow applicants to implement an event 'hybrid' delivery or alternative format.

- Hybrid delivery options must be detailed within your grant application. Scenario planning for hybrid events must demonstrate both in person event attendance and online event engagement. This allows for flexibility to adopt an alternative or hybrid delivery approach with both 'live' physical attendance and/or 'hybrid' online event programming.
- **Provision of Disabled Toilets** - Provision of a Mobile Accessible Changing Facility must be in place throughout your event. All organisers of large-scale public events, (visitor numbers in excess of 3,000), in receipt of grant funding from Causeway Coast and Glens Borough Council, must include disabled toilets to Changing Places standard. This access to dignified toileting provision may be in the form of a mobile/portable facility or a permanent Changing Places Toilet (CPT) facility. The criteria for this standard, and locations of existing CPT facilities can be found at www.changingplaces.org. The Council now have MACUs (Mobile Accessible Changing Units) for hire at your event, subject to availability. Please note this is a chargeable service. For further information and to book, contact town.management@causewaycoastandglens.gov.uk.
- Other accessible units are available to hire outside of Council.

1.1. Purpose of Grant Programme

Causeway Coast and Glens Borough Council's Tourism Event Funding Programme (TEFP) provides event organisers with financial assistance which supports the delivery of the Destination Management Plan.

The Council is seeking to provide financial support for events that align themselves to key priority areas such as; Cultural Tourism, Music / Food Tourism and Sports and Activities (tourism related).

The key objectives to supporting and sustaining tourism events will be to:

- Assist with project costs that will provide event delivery, sustainability, and skills retention within the organisation.
- Support events to plan for the safe return of event delivery in 2024-25, adhering to the latest public health advice for events and mass gatherings.
- Allow event organisers to scenario plan for varying levels of event delivery. Full event proposals for the preferred delivery option should be submitted as scenario one. Alternative or hybrid delivery contingency proposals should be submitted as scenario two or three.
- Demonstrate economic support and benefit from the use of local artists, suppliers and event professionals.
- Enhance the profile and appeal of the Causeway Coast and Glens Borough Council area e.g., through media and marketing campaign/exposure focussed on the domestic market
- Promote a quality visitor experience to the domestic market and promote confidence in engaging with events.
Note: a 'visitor' for a tourism event as 'someone who comes to spectate or attend the event. They can either buy a ticket to attend the event or gain free entry, anyone who participates in the event or makes the event happen is deemed a participant and not a visitor.
- Support the wider economic recovery of the tourism events sector within the Borough of Causeway Coast and Glens.
- Generate economic benefits for the Causeway Coast and Glens area (where possible) through increased visitor numbers, bed nights and spend.

1.2 Overview of fund

The Tourism Events Growth Fund will offer financial support to eligible events taking place between 1 April 2024 and 31 March 2025.

Tourism Events Growth Fund Parameters

Events must satisfy the parameters below to apply for the Tourism Events Growth Fund:

- Events with an overall total budget of between £10,000 and £30,000 (Events with a total budget in excess of £30k are **ineligible**. In-kind support / Volunteer time must not be included in the budget). **Maximum award - £15,000**
- Total visitor numbers greater than 600. (Participants at the event cannot be included in your visitor numbers. For example, if there is a competitive element, the competitors cannot be counted as visitors).
- The event must take place over a minimum of 2 days (Events must have a start and end date and run for consecutive days). Events should encourage overnight stays where possible (The event must last for a minimum of 5 hours on each day).
- No requirement to demonstrate return on investment.
- Events must demonstrate how they will promote the Causeway Coast and Glens as a tourism destination through branding, marketing and media activities. Details should be provided within your marketing plan.

Marketing campaign - Events will be expected to ensure that any marketing or communications showcase the Causeway Coast & Glens as a destination for visitors. This **should be focused on** the domestic market. Where there is an option to explore international reach within the promotion of your event or festival this would be strongly encouraged. Marketing activity should strongly promote and encourage 'Staycations' from all target markets. Events will be given flexibility to enhance their marketing profile, possibly using a 'hybrid' approach and therefore considering virtual delivery as a potential method of achieving certain outputs.

- In-kind support / Volunteer time must not be included in the budget.

1.3 Levels of grant award

Tourism Events Growth Fund	Maximum Grant Amount
Up to 50% of total project costs of the event	£15,000

The level of grant awarded will depend on how the project meets the assessment criteria outlined in section 3.3, the available budget and the number of applications. There is no guarantee that successful applicants will receive the amount applied for.

Please Note: Groups will have to provide all evidence requested once the project expenditure is complete. This will include receipts, bank statements, or any other documentation deemed necessary. This list is not exhaustive. If requested documentation is not supplied then payment cannot be made. Please do not apply for funding if you cannot supply these items.

1.4 General Principles

All applicants should take a responsible approach to the organisation and staging of their event and ensure that:

Appropriate insurance is in place to cover the preparation and hosting of the event. It is advised that Public Liability cover of at least £10 million indemnity is in place for events. Council will request evidence that the event Public Liability and Employers Liability Insurance cover is in place. Failure to do so may result in the withdrawal of any grant offer.

See table for insurance limits:

Third Party Insurance Checking	
Employers Liability	£5,000,000 as standard
Public / Products Liability	Depends on the contract / nature of activities though ideally should be:
Low Hazard	Min £2,000,000 – eg meeting rooms, community volunteer groups, market stalls, lease of shop units etc.
Medium Hazard	Min £5,000,000 – eg activities involving hot food, physical activity, minor contracts etc.
High Hazard	Min £10,000,000 – eg fairground operators, bouncy castles / inflatables / trampolines, motorized sports, water based sports, contact sports or dangerous activities, large contracts involving heat, firework displays, marquees, traffic management, first aid etc.
The above limits and examples of types of activities are guidelines only – insurers would expect you take a common sense approach in order to protect Council's interest.	

Third Party Insurance guidance from Council's Insurance Broker.

- Due diligence and good practise is applied to all health and safety issues.
- Relevant risk assessments have been completed and evidence of same made available for inspection.
- Statutory consents, licences and approvals have been obtained where appropriate
- Measures are in place to mitigate negative environmental impact eg, waste management, reinstatement of venues.
- Policies covering child protection and vulnerable adults are in place and evidence of appropriate checks is made available for inspection.
- All applicants should be prepared to provide to Council, at least 14 days prior to the commencement of the event, copies of all relevant documentation. Failure to do so will result in the withdrawal of any grant offer.

- Each grant fund is limited and subject to availability of funds. Therefore, as a competitive process all grant awards will be determined on the basis of merit. Applicants are advised that organisations that have been successful in securing Council funding in the past will not automatically be guaranteed funding in the future.
- Where an event is responsible for the employment of staff, employment conditions and practices must comply with all the relevant employment legislations and should take account of current good practice in relation to employment rights and equal opportunities.
- Under Section 75 of the Northern Ireland Act 1998 Causeway Coast and Glens Borough Council encourages applicants to have due regard to the need to promote equality of opportunity for all and to have regard to the desirability of promoting good relations between persons of different religious belief, political opinion or racial group.
