18. Notice of Motion proposed by Councillor Holmes, seconded by Councillor Wilson

The Causeway Coast and Glens Borough Council has, as one of its Mission Statements, the aim of 'Accelerating our economy and improving economic prosperity.'

This Council recognises the incredible entrepreneurial spirit of many people across the Borough who have established businesses which contribute towards the economic prosperity of the area.

In order to support a new generation of entrepreneurs we propose that Council establish an annual fund of £50k-£100k to support start-up businesses (including recent start-ups i.e under two years). New business ventures should be novel and cause no job displacement. This fund is to be distributed in the form of grants on a biannual basis by a panel made up of councillors, council officers and business people.

Should councillors back the proposal, officers are requested to bring forward proposals for establishing, administering and marketing the fund with a target go live date to be in place for the new council year.

19. Notice of Motion proposed by Alderman Finlay, seconded by Councillor Callan. This motion is supported by Councillor James McCorkill, Alderman Alan Robinson, Councillor Ian Stevenson and Councillor Alan McLean

'That this council investigate supporting the Ballymoney and Limavady Agricultural shows for this year and onwards. That officers along with Councillors meet with the teams behind both shows to look at the necessary funding they require. Agricultural is a vital part of our local economy and this council should show its support in whatever way is possible to these fine shows.'
