The Principal Planning Officer responded to Members queries including ridge heights, balconies and screening.

The Chair invited Mr K McGarry of Lisburn Solicitors to address the Committee in opposition to the application. Issues raised included proposed ridge height, privacy, inaccurate drawings, no topographical survey and that the proposal would extend considerably further back and affect amenity.

The Chair invited Mr N Jones, Jones Architects representing the applicant, to address the Committee in support of the application. He responded to points of clarification from Members relating to ridge height, footprint, impact to rear, proposed balconies, overshadowing and noise.

The Principal Planning Officer confirmed that the previous application had been approved in 2009 which would have ran out in 2014 and that a new application had been submitted in May 2016, however the Planning Policy had not changed.

Upon a query from a Member Mr Kennedy also clarified that the Strategic Planning Policy Statement (SPPS) was a more up to date document and superseded the Planning Policy Statement (PPS). 6. DEVELOPMENT MANAGEMENT PERFORMANCE:

6.1 Development Management Statistics

Report circulated.

The report provided a list of planning applications received and decided respectively by Causeway Coast and Glens Borough Council in the period 01 April 2017 – 30 September 2017.

The number of applications received in September has risen significantly, this is attributed to the relocation of the planning office to Cloonavin at the end of August. Similarly, this accounts for the diminished figures for August. Staff issued 64 planning application decisions, plus 4 Discharge of Conditions, 3 LDP/LDE's and 3 Non-Material Change applications. The number of live applications in the system has risen to 774 this is again due in part to the office move.

The report details the number of appeal decisions issued since 1 April 2017 showing the continued high quality of decision making taken by both Planning Officers and supported by the Planning Committee. Please note that these figures are unvalidated statistics extracted from internal management reports. No appeal decisions were issued by PAC in September 2017.

From April 2017, 6 out of 16 referral recommendations have been overturned by the Planning Committee.

IT IS RECOMMENDED that the Planning Committee note the update on the Development Management Statistics.

AGREED - that the Planning Committee note the update on the Development Management statistics.

7. DEVELOPMENT PLAN

7.1 'Ireland 2040' – The National Planning Framework – Public Consultation Document

The Principal Planning Officer/Local Development Plan Manager presented a report informing Members that the Irish Government published its final draft National Planning Framework 'Ireland 2040' on 26 September 2017 for public consultation.

The framework aims to guide national, regional and local planning opportunities throughout the country. The Plan focuses on growing Ireland's regions – its cities, towns, villages and rural fabric – as well as building more accessible urban centres of scale. It also seeks to provide better outcomes for communities and the environment, “through more effective and coordinated planning, investment and delivery”.

Donegal County Council (DCC) is one of this Borough's four adjoining Councils; having a common water body (Lough Foyle) and a ferry crossing (Magilligan to Greencastle). As such, Council's Planning Section has been liaising with DCC throughout our Local Development Plan process. A response to the Draft County Donegal Development Plan 2018-2024 issued on 1st September 2017, on behalf of Council, as was agreed at the June 2017 Planning.

The consultation period ends at noon on Friday 3rd November 2017.

IT IS RECOMMENDED that Members agree to the Head of Planning issuing a response to the final draft “Ireland 2040” consultation document on behalf of Council.

7.2 Local Development Plan 2030 – Draft Amended Timetable

The Planning Committee received a report on the Local Development Plan 2030 – Draft Amended Timetable.

The Council's Local Development Plan (LDP) Timetable was agreed at the 26th June 2016 Planning Committee. It was agreed by both the Planning Appeals Commission (PAC) and the Department for Infrastructure (DfI - the 'Department) prior to its formal publication on 29th November 2016.

It was prepared within the context of the Council's Strategy and Community Plan. It met the requirements of the Planning Act (NI) 2011 and the Planning (Local Development Plan) Regulations (NI) 2015 which require the Council to prepare

and keep under review a timetable for the preparation and adoption of its Local Development Plan (LDP).

The draft amended Timetable provides revised indicative dates for a number of key stages in the production of the LDP. A description of each is set out briefly in the report and the revised indicative Timetable is set out in Figure 1 (previously circulated).

There are a number of factors that could potentially impact upon the timescale for delivery of the LDP. The timetable sets out a number of steps and safeguards to manage the plan making process and to highlight any potential impacts to Elected Members.

The Council has powers under the Planning Act 2011 to carry out this amendment. However, any amendment must be agreed with both the PAC and the Department and also publicised and made available to view on the Council's website.

IT IS RECOMMENDED that Members agree to the amended Local Development Plan timetable as detailed in Figure 1 (previously circulated).

The Principal Planning Officer/Local Development Plan Manager confirmed that the Preferred Options Paper would be ready to publish in the Spring/Summer of 2018.

Proposed by Councillor P McShane
