- 16.23 Loughgiel Community Association Ltd / CC&GBC Development Agreement (Ref CM 190416)
17. Notice of Motion Proposed by Councillor MA McKillop, seconded by Councillor Mulholland

This Council resolves:

to require all public firework displays within the local authority boundaries to be advertised in advance of the event, allowing residents to take precautions for their animals and vulnerable people, to actively promote a public awareness campaign about the impact of fireworks on animal welfare and vulnerable people – including the precautions that can be taken to mitigate risks, to write to the UK Government urging them to introduce legislation to limit the maximum noise level of fireworks to 90dB for those sold to the public for private displays

and to encourage local suppliers of fireworks to stock 'quieter' fireworks for public display.

18. Notice of Motion proposed by Councillor Baird, seconded by Alderman Hillis and Councillor Holmes

A Million Trees to Secure our Future on Earth.

It is now clear from empirical evidence that we face a global climate change challenge. The Earth's atmosphere is warming at a fast rate and while we must continue to reduce our carbon emissions we can help redress the problem by conserving and planting many more trees. A tree can store 48 lbs of carbon dioxide in one year and sequester 1ton of CO2 by the time it reaches 40 years old. Sadly Northern Ireland has the lowest tree coverage in the UK at only 8%. Reforestation a very effective solution in mitigation of the impending climate crisis and as a Council I propose that we set a target of planting 100,000 trees over this term of Council in our Borough. I further propose that we ask other Councils to join us and make it 1Million trees across Northern Ireland.

Tree planting on this scale will make a difference with benefits not only to store carbon but reduce flooding risk, extend natural habitats and promote physical and mental well being for our citizens.

Council should make tree planting a priority in all environmental schemes and involve all our Communities including farmers and business in this strategy to ensure inclusivity, commitment and success. Funding may be obtained from a variety of sources such as the newly announced National Lottery Community Fund which is directed specifically at climate change. Commitment to tree planting will make a huge difference and I urge you to back this motion and ask other Councils to join with us in improving the environment in Northern Ireland.

19. Notice of Motion proposed by Alderman Fielding, seconded by Councillor McLean

That this Council provide a permanent toilet facility at Portstewart Harbour for the use of Boat Owners.

FOR CONFIDENTIAL CONSIDERATION (ITEM 20 - ITEM 21)

20. Structural Support Works to Portstewart Town Hall (verbal update)
21. Review of Car Parking Charging (report attached)

D H Jackson
Chief Executive
Causeway Coast and Glens Borough Council
