Matters Arising

4.1 Mayor's Business (Item 1)

Councillor P McShane stated that in last month's Council Meeting he had brought up, under Mayor's Business, about the interim injunction measures and that as reporting restrictions had been lifted, questioned where the authority came from for that injunction and further questioned why the audio recording for last month's Council Meeting Minutes had been tampered with, it related to him asking where the authority for the injunction came from. The audio recording is not supposed to be tampered with and it is a clear attempt to undermine the democratic process.

The Mayor ruled the matter was not listed on the Agenda so would not discuss it any further.

Councillor P McShane further questioned this and questioned if the Mayor was silencing him over the tampering of Minutes.

The Mayor asked if everyone was in agreement with the Minutes. Councillor P McShane said no, Councillor P McShane requested a recorded vote.

Further discussion occurred regarding the audio recording. Councillor Wilson sought clarification regarding whether or not the audio was tampered with. The Mayor ruled further advice could be provided at the end of the meeting. The Mayor also ruled that everyone who was at the meeting and has read the Minutes can decide if they are accurate or not.

Councillor P McShane expressed concern about going 'In Committee' and allowing answers to questions to be received where it is hidden and covered up; that the public have the right to know if the audio was tampered with; that it will become evident in court some day and stated that it was very unfortunate as the last thing the Council needs is more Court appearances.

Matters Arising

10.1 Point of Accuracy

Alderman S McKillop requested that it be recorded for future record, that she stated that the question, comments, minute and the Independent Consultants' response is not accurate and that she is happy to speak to the minute taker about it.

Alderman Duddy requested that the minute should reflect how and why the amendment was being challenged under Standing Orders to give an accurate reflection of the advice being sought from the solicitor in attendance on the evening, stating it should be included in the minute for accuracy. Alderman Duddy also requested that what the Independent Advisor, E Wallace, had said about seeking advice on the amendment and the fact that it was legal should also be included in the Minute in case of any challenge which may come further down the line in regard to Ms Wallace's impartiality on the evening. Alderman Duddy further requested that Councillor Holmes' question regarding corruption in the Council and the response received from the Independent Advisor, E Murray, also be included in the Minute.

Councillor Holmes requested that the response from Independent Advisor, E Murray, to his question regarding corruption is recorded in the Minute verbatim.

The Director of Environmental Services stated that the elements highlighted by Alderman Duddy were checked, there is reference to the solicitor's comments, the accuracy around what Independent Advisor said in response to Councillor Holmes is reflective of the Minute as it is. In response to further comments from Councillor Holmes regarding the verbatim report for the response from the Independent Advisor being included in the Minute the Director of Environmental

Services confirmed that the recordings have been checked and the Minute is an accurate reflection and stated the sentences can be replaced verbatim if that is the request.

Alderman Hillis spoke in support of the Minutes being amended as outlined by Alderman Duddy and Councillor Holmes. Alderman Hillis stated he was not satisfied that the Minutes accurately recorded what he thought he heard, he stated it is very difficult for the minute takers but this is an important issue with accusations that have been thrown about for years, these allegations are career damaging; there is no evidence of corruption. Accuracy in this is important due to the nature of the accusations being made of those at senior level in the organisation.

Councillor P McShane stated that there is a PR statement being made through the Minutes to satisfy the three main parties in the organisation.

Councillor Watton stated that accusations of corruption in the Council should be taken to the police.

The Mayor put the acceptance of the Minutes with the amendments to the vote. Councillor Schenning sought clarity on what Elected Members were voting on.

The Mayor confirmed the vote was to accept the Minutes with the corrections..

Councillor P McShane requested a recorded vote.

Copy, previously circulated.

Matters Arising

11.1 Minutes of the Coronation Sub-Committee meeting held Wednesday 15 March 2023 (Item 4)

Alderman Knight McQuillan spoke to highlight the high interest in the Coronation grants and the expectation of the number of grants that would be allocated.

Amendment

Proposed by Alderman Knight McQuillan
Seconded by Alderman S McKillop

- In light of the high interest in the Coronation grant that an additional £15k be added to the grant fund either coming from reserves or other surplus budget areas, making the total fund available £30k. In addition, the Funding Unit are given delegated authority to action the grant applications on a rolling basis as they are received until 6th May or the £30k allocation has been exhausted with letters of offer being issued immediately after assessment and an information report can be brought to a later meeting on how the fund is administered

Alderman Knight McQuillan considered that time is limited that this is a significant event and a significant marker should be put down for it and the amendment is reasonable. Alderman Knight McQuillan stated that there is no overspend at the moment and processes are being followed.

Councillor P McShane expressed concern regarding the amendment and that safeguards have been removed.

Alderman Baird and Councillor McCaw spoke in favour of the amendment.

In response to questions the Funding Unit Manager advised that the funding has come to the Funding Unit late. If an agreement is made tonight on the parameters of the programme the intention is to open the programme in 5 days, on 11 April, guidance will also be made available.
