Foreword

Welcome to our Housing Investment Plan, which sets out our local plans for the next year. Following feedback from our customers, we trust this report is reader friendly and that information is easy to find.

We continue to meet our statutory duties and to provide our housing services across Northern Ireland. Although, we face many challenges in the current financial climate, we continue to do our best to deliver our services across the board.

The COVID-19 (Coronavirus) outbreak has made it necessary for us to make changes in the way we deliver our services. These changes are intended to protect our customers and staff while ensuring that we continue to provide key essential services throughout this difficult time.

Four high level outcomes that are related to housing and associated services have shaped our plans:

1. Helping people find housing support and solutions;
2. Delivering better homes;
3. Fostering vibrant sustainable communities; and
4. Delivering quality public services.

Our Housing Investment Plan reports on progress over the past twelve months and presents our programmes for the coming year. We have aligned our outcomes to those of the Community Plans and we continue to engage with Community Planning partners to deliver housing services locally.

Professor Peter Roberts
Chair

we face many challenges in the current financial climate, we continue to do our best to deliver our services across the board

Introduction

We are delighted to present the first annual update for the 'Housing Investment Plan 2019-2023' (HIP). Launched in 2019 the HIP is aligned to the outcomes of each Community Plan to show how our work supports the work of the council. We look forward to continuing to contribute to shaping the future of housing in each council with our Community Planning partners.

This first annual update should be read in conjunction with [Causeway Coast and Glens Housing Investment Plan 2019-23](#) and will:

- Provide updates on Strategy progress where available (a full list of current strategies is available in the HIP);
- Report on new and upcoming strategies and initiatives including our COVID-19 response;
- Provide a local area update; and
- Update on progress in 2019/20 against the four outcomes contained within the HIP.

When writing our HIP we have taken account of the draft Programme for Government; Northern Ireland Housing Strategy; Regional Development Strategy; Sustainable Development Strategy for Northern Ireland; Planning Reform; Reform of Local Government; and the Social Housing Reform Programme.

Launched in 2019 the HIP is aligned to the outcomes of each Community Plan to show how our work supports the work of the council

Our Vision

Everyone is able to live in an affordable and decent home, appropriate to their needs, in a safe and attractive place

OUR OVERARCHING STRATEGIC THEMES

To provide housing solutions, services and support to the people of Northern Ireland

PROPERTY

To ensure everyone has access to a quality home which is safe, affordable, warm and appropriate to their needs

PLACES

To work with others to develop, maintain and sustain attractive, connected, healthy and economically active places

OUR HIGH LEVEL OUTCOMES ARE

1. Helping people find housing support and solutions;
2. Delivering better homes;
3. Fostering vibrant sustainable communities; and
4. Delivering quality public services.

OUR VALUES ARE

Making a difference;
Fairness;
Passion;
Expertise

Strategic Context

The HIP 2019-23 provided detailed information on the Housing Executive's current strategies and initiatives and should be read in conjunction with the updates provided in the table below.

Further information on Housing Executive Strategies can also be found at [Housing Executive Corporate Strategies](#).

The most up to date information on the Housing Executive's response to the COVID-19 (Coronavirus) emergency can be found on our website via the following link [Housing Executive COVID-19 Response](#).

Title	Update
Accessible Housing Register (AHR)	<p>The Housing Executive in conjunction with the Northern Ireland Federation of Housing Associations (NIFHA) is currently developing an in-house Accessible Housing Register (AHR) solution for social housing in Northern Ireland which will facilitate the classification of that stock based upon its accessibility features. This will enable people with disabilities to make more informed housing choices.</p> <p>The AHR was programmed for completion and 'go live' in May 2020, however this originally anticipated completion date has been delayed due to the impact of the COVID-19 pandemic. Both the Housing Executive and NIFHA are committed to the implementation of the AHR and intend to have the system fully operational as early as is practically possible during 2020/21.</p> <p>The Housing Executive is also exploring the potential for a web based module to advertise private sector accessible stock either for sale/to let on its website. This will be restricted to those properties adapted via Disabled Facilities Grants, or accessible properties sold under the Right To Buy schemes. The development of this module has also been impacted by the pandemic.</p>

Title	Update
Affordable Housing	<p>In June 2019, the Department for Communities (DfC) launched a consultation on a new overarching definition of affordable housing, which aims to extend the range of affordable housing products, as envisaged by the Strategic Planning Policy Statement. The proposed definition is:</p> <p>‘Affordable housing is housing provided for sale or rent outside of the general market, for those whose needs are not met by the market. Affordable housing which is funded by Government must remain affordable or, alternatively, there must be provision for the public subsidy to be repaid or recycled in the provision of new affordable housing’.</p> <p>DfC’s consultation document states that a new definition of affordable housing, will not materially affect the established and agreed meaning of social housing.</p> <p>Intermediate housing may be funded by loans through a combination of Financial Transaction Capital loans from DfC, private capital and loans.</p>
Asset Management Strategy	<p>The Housing Executive continues to implement the revised Strategic Investment Strategy for its stock that was approved by DfC in October 2017 and aimed at ensuring that our investment was directed at optimising the level of lettable stock available to help address rising housing need. Consequently our investment programme has been focused on compliance and Health and Safety activities, adaptations, External Cyclical Maintenance and a programme of major component upgrading (e.g. bathrooms, kitchens, wiring, doors, windows, heating etc.). The three year period for this revised approach ends in late 2020 and, therefore, we are undertaking a review of the Strategy this year. The key imperative remains the development of a sustainable funding solution to meet our future stock investment needs and, while we welcome the potential measures set out in the New Decade New Approach agreement to addressing this issue, we will be developing a range of strategic options for discussion with DfC in the event that our future funding requirement remains unresolved.</p>
Cavity Wall Insulation	<p>In August 2017, the Housing Executive commissioned a research report on Cavity Wall Insulation in both its own stock and private sector housing. The research was undertaken by the British Board of Agrément using their Consultancy Investigation and Training subsidiary body. Its report was published in May 2019 and indicated a significant issue with cavity wall installations that are not compliant with current standards. We consulted widely on the report and are currently preparing a draft action plan in light of its findings and recommendations. The draft action plan will be issued for consultation in mid 2020/21.</p>

Title	Update
Community Asset Transfer	Community Asset Transfer (the change in management and/or the ownership of land or buildings, from public bodies to communities) fulfils a number of government commitments. It supports the NI Executive's commitment to 'invest in social enterprise growth to increase sustainability in the broad community sector'. This work also supports the agreement between the Voluntary and Community Sector and the Government. The framework will also help delivery of other Executive priorities including the Economic Strategy and the Delivering Social Change programme. DfC has engaged Development Trusts Northern Ireland as a delivery partner to support the implementation of Community Asset Transfer and to build capacity and expertise within the Third Sector to enable community organisations to take advantage of future opportunities.
Community Involvement Strategy	In 2018, the Housing Executive published the Community Involvement Strategy . The previous strategy was directed towards tenants; however, the new strategy takes into account the change in population in Northern Ireland and in our communities. It is aimed at working with tenants, residents and leaseholders to ensure everyone's voice is heard. The new strategy provides a flexible approach to work with the community in a way that suits them and reflects our commitment to work with our partners to get the best outcomes for local communities.
Customer Excellence Strategy	Our Customer Excellence Strategy set out the direction for how we aimed to improve the way we delivered services for our customers during 2017/18 – 2019/20. Significant progress was achieved against each of the five key themes detailed in the strategy. We have reported progress against each annual action plans and published these updates on our website. Year 3 progress report, completing this work, will be published in Summer 2020.
Social Housing Development Programme (SHDP)	The Housing Executive manages the Social Housing Development Programme (SHDP) on a three-year rolling basis. The Housing Executive works closely with housing associations to ensure delivery of DfC's annual targets for new social housing starts and completions. The Housing Executive manages the annual SHDP budget and this investment (in the form of Housing Association Grant) is supported by private finance levered in by housing associations. Delivery of the SHDP is supported by the transfer of public sector land (including Housing Executive land) to housing associations. A wide range of new social homes are delivered through the SHDP, including general needs housing, wheelchair accessible housing, housing for applicants with Complex Needs, housing for older people, and housing for rural communities. The Housing Executive also continues to support new build Shared Housing schemes under the 'Housing for All' programme.

Title	Update
Fundamental Review of the Private Rented Sector (PRS)	<p>DfC is currently carrying out a comprehensive review of the role and regulation of the private rented sector to ensure the regulatory framework and supporting policy improve standards for the benefit of both tenants and landlords. The areas being reviewed include: supply; affordability; security of tenure; tenancy management; property standards; and dispute resolution.</p> <p>It is expected that the review will inform future legislative proposals for Minister’s consideration and will also include consideration of regulation of letting agents, including if further legislation is required to prevent letting agents charging tenants unfair fees.</p>
Fundamental Review of Social Housing Allocations	<p>DfC are finalising a report on the consultation exercise which was carried out on proposals for changes to social housing allocations in Northern Ireland. The Housing Executive is working closely with DfC to develop implementation plans to take forward the proposals for change.</p>
Homelessness Strategy	<p>The second annual report on the Housing Executive’s Homelessness Strategy 2017/22 - Ending Homelessness Together was published in October 2019. The third annual progress report will be published in September 2020. The report demonstrates the multi-agency approach adopted by the Strategy to both prevent homelessness and to ensure that all clients are provided with the right support to sustain a long term tenancy when one becomes available. This multi-agency approach is further demonstrated via the established Homelessness Local Area Groups. They bring together a range of agencies from the statutory, voluntary and community sectors to deliver action plans linked to the Strategy to deliver better solutions on the ground for homeless clients.</p> <p>Key achievements in Year 2 included the commencement of a review of temporary accommodation and further embedding of our Housing Solutions and Support Approach. The report notes that 15 of the 17 actions were completed in line with the milestones in the Year 2 Implementation Plan, with delayed milestones brought forward to Year 3.</p>
Homelessness Communication Action Plan	<p>The Housing Executive continues to work on the implementation of a Communication Action Plan which aims to ensure households approaching crisis can access the right support quickly. In 2020/21 there will be an increased focus on this Action Plan as part of Objective 1 of the Homelessness Strategy which is to prioritise homelessness prevention. A series of awareness raising events were organised by Local Area Groups across Northern Ireland and building on the success of these events to improve collaborative working with be a key focus going forward.</p>

Title	Update
Irish Travellers	<p>The Housing Executive have regularly published comprehensive accommodation needs research in 2002, 2008 and 2015 for the Irish Traveller Community across Northern Ireland. Our Research Unit has recently completed the Irish Travellers' Accommodation Survey 2018/19 which will inform the development of our Irish Travellers Accommodation Strategy 2020 – 2025. The Strategy includes proposals for a Travellers housing needs assessment. The Strategy was submitted to the Housing Executive Board for approval in May 2020 and subsequent release for formal consultation.</p>
Older People Strategy	<p>Following the completion of a 12 week public consultation period, an Older People's Housing Strategy 2020/21 – 2025/26 is scheduled to be published in Summer 2020. The Strategy takes into account the projected changing demography of Northern Ireland, including that of our own tenant profile, and aims to ensure that the services, policies, initiatives and activities that we deliver consider and meet the needs of our ageing population. The Strategy also seeks to bring together the range of existing activities that we currently deliver for older people and outlines our plans to develop and deliver new services and initiatives under four broad themes. These themes are: Planning for the future; Promoting and maintaining dignity; Providing Housing Advice for Older People; and Promoting Participation. We will report regularly on progress against our high level action plan at regular intervals and publish this information on our website.</p>
Research Programme	<p>As the strategic housing authority in Northern Ireland, the Housing Executive has a statutory responsibility to regularly examine housing conditions and need, and may also conduct or promote research into any matter relating to any of its functions. Some of the key projects provide data on an ongoing or regular basis including: the Northern Ireland House Condition Survey; the Continuous Tenant Omnibus Survey; and a number of strands of research on house prices, rents and affordability, which are carried out in partnership with Ulster University and propertynews.com. During the past year, reports have also been published on: the impacts to date, and potential future impacts, of the social sector size criteria (bedroom tax) in Northern Ireland; Brexit and the housing market; and the housing issues, needs and aspirations of older people.</p> <p>Work currently under way or due to commence soon includes: a number of strands of research to help inform the Homelessness Strategy; a survey to gather evidence on the views and experiences of tenants living in the private rented sector; a survey to help inform policy development on provision of a wider range of options for housing applicants, and further projects to help the Housing Executive assess and plan for the impacts of welfare reform, particularly the full roll-out of Universal Credit.</p>

Title	Update
Rural Strategy & Action Plan	<p>The Housing Executive has long recognised that in rural areas, housing needs can be hidden or dispersed and that a different approach is often required to ensure that we deliver our statutory housing functions in both urban and rural areas. The introduction of the Rural Needs Act (NI) 2016, has presented an opportunity for us to reaffirm our commitment to rural communities by ensuring that we pay due regard to their needs through the delivery of a fair and equitable housing service which takes account of local issues and circumstances.</p> <p>For many rural households, housing choices can be more limited due to unsuitable stock, unaffordable prices and a lack of rental accommodation. Our Rural Strategy and Action Plan 2016-20 identifies in particular, the need to increase the provision of affordable housing in rural areas in order to help protect and sustain rural communities. Through the Housing Executive’s annual programme of rural housing need tests, we engage with communities who wish to examine the need for new housing in their area and with housing associations to encourage the delivery of new rural housing where it is required.</p> <p>The Housing Executive’s contribution to rural regeneration extends beyond the provision and maintenance of housing to the capital funding invested for the development and improvement of local community facilities and services. In 2020/21, the Housing Executive will also continue to celebrate the invaluable contribution of the rural community groups through the annual Rural Community Awards competition.</p>
Social Housing Enterprise	<p>The 2015-2018 Social Housing Enterprise Strategy was launched by the Housing Executive in September 2015. The aim was to support individuals and organisations in the growth and development of social enterprises to improve economic activity in Housing Executive communities. A total of £1.4 million was spent over the 2015-2018 period in Northern Ireland.</p> <p>An external evaluation of the 2015-2018 Strategy resulted in extremely positive findings. These findings and other recommendations helped shape our forthcoming Social Enterprise Plus Strategy 2020-2024 which received Housing Executive Board approval in December 2019, the launch of which has been delayed until later this year due to the COVID-19 pandemic. It is anticipated that when we can open invitations for applications to the new Social Enterprise Awards programme there is an initial budget of £300k available for the two year period 2020-2022.</p>

Title	Update
Supporting People Strategy and Action Plan	<p>The Housing Executive acts as the administering authority for the Supporting People (SP) Programme in Northern Ireland. This role includes the payment of SP Grant to approximately 86 providers who provide over 850 housing support services, which deliver assistance with housing related tasks to more than 19,000 vulnerable people in order to help them develop or maintain the skills necessary to live as independently as possible in their own home. In 2020/21, the SP budget is £72.8m. In response to COVID-19 an additional £10 million has been made available to SP providers specifically for COVID-19 pressures. The SP contract management and reporting regime was relaxed temporarily to allow providers time to cope with the challenges of responding to the impact of COVID-19.</p> <p>SP are producing a three year strategy for 2020-2023. The main thematic areas of Disability and Mental Health, Young People, Older People and Homelessness remain strategically relevant. For further information on the SP programme see the NIHE website (Supporting People Programme).</p>
Sustainable Communities	<p>Now in its second year of a three year programme, the HANDIHEAT EU project is progressing its outputs with European partners from Iceland, Shetland, Republic of Ireland, Finland and Northern Ireland with a focus on identifying renewable energy solutions, best practice, toolkits, training and road maps for rural communities affected by fuel poverty and fuel inequality due to heavy reliance on imported fossil fuels for the production of energy. Two pilot demonstration sites in Northern Ireland and northern Finland have been identified to investigate means by which households can be improved through upgraded energy performance and a renewable energy supply with resulting greenhouse gas savings.</p> <p>The second pilot demonstration led by HANDIHEAT's Lead Partner, the Housing Executive, is progressing its outputs with associate partners and suppliers across Ireland to investigate possible hybrid energy solutions for six houses in a sparsely rural settlement in Lisnaskea, Co. Fermanagh. The Climote monitoring kits installed in the six houses during February 2020 will focus on the electrification of heat with an additional house (control house) fitted with the monitoring kit to collect data for a one-year period, and will monitor oil use and temperature of thermostats in each of the dwellings. Hybrid boiler solutions have been developed by Grant Engineering in the Republic of Ireland and will be installed in the dwellings during July 2020. The results of the pilot demonstrations in Northern Ireland and Finland will inform and influence energy policies going forward.</p>

Title	Update
<p>Temporary Accommodation Strategy</p>	<p>A strategic review of temporary accommodation commenced in January 2019 to examine how effectively the current portfolio of accommodation meets the needs of homeless customers. It has been analysing supply and demand, comparing options and performance with other UK jurisdictions, identifying key measures and working to project future needs. It will also seek to examine best practice on homeless prevention with a view to minimising a need for temporary accommodation or making stays as short as possible. Additionally, it will try to build an understanding of both customer and provider experiences and produce a strategic action plan to address issues identified. As part of the project, a number of pilot initiatives are being developed to test different models. These include modular housing, shared housing, community hosting and long term leasing. The Action Plan is expected to be completed by the end of 2020.</p>
<p>Tower Blocks</p>	<p>Following a major consultation exercise on our initial proposals with stakeholders in 2018, our final Tower Blocks Action Plan was approved by our Board in March 2019 and by DfC in August 2019. A Delivery Team has been put in place to drive and manage the implementation of the Action Plan.</p>

Title	Update
Welfare Reform	<p>Welfare Reform has meant significant changes to the benefit system for people of working age in Northern Ireland. Whilst all of the changes have had some effect on the Housing Executive, those which have had most impact are Social Sector Size Criteria (Bedroom Tax), Universal Credit and Benefit Cap.</p> <p>In March 2020, Social Sector Size Criteria was directly impacting on 23,619 Housing Executive tenants and 155 were affected by Benefit Cap.</p> <p>Welfare Supplementary Payments (mitigation) were due to end in 2020, however, Communities Minister Deirdre Hargey MLA announced plans to extend the mitigations to the Bedroom Tax beyond 31 March 2020 and payments have continued.</p> <p>By March 2020, the Housing Executive had 13,019 tenants claiming Universal Credit, with a significant increase in the number of tenants making a new claim for Universal Credit during March 2020 due to the economic impacts of the COVID-19 outbreak. Natural migration to Universal Credit continues and will do so until Universal Credit is fully implemented through the 'Move to UC' phase of roll out, where working-age customers on the relevant benefits will be advised when they should move to Universal Credit. This phase is due to commence in early 2021. It is anticipated that some 45,000 Housing Executive tenants of working age will be in receipt of Universal Credit when 'Move to UC' is complete.</p> <p>Housing Benefit's caseload is gradually decreasing and this reduction is likely to continue as Universal Credit's 'Move to UC' phase takes effect. However, Housing Benefit will still have a significant number of customers, approximately 42,000, of State Pension Credit age as well as customers living in supported accommodation or who are placed in temporary accommodation.</p> <p>The Housing Executive will continue to administer Housing Benefit for DfC along with Discretionary Housing Payments for both Housing Benefit and Universal Credit claimants.</p>

Population of Causeway Coast and Glens Borough

The population of Causeway Coast and Glens Borough is projected to increase by 0.8% to 145,338 in 2028. It represents 7.7% of the NI population at 2018.

Source: NISRA

In light of demographic changes and the evolving policy context around older people, the Housing Executive published research in 2019 which sought to examine the views of older people toward their housing circumstances now and what they will need in the future. The report [Understanding the Housing Needs and Aspirations of Older People](#) will contribute to the knowledge available on this subject and will be important to a range of policy makers and stakeholders both within and beyond the housing sector.

Housing Benefit

Source: NIHE

The reduction in Housing Benefit claimants may be as a result of the migration exercise underway from Housing Benefit to Universal Credit.

There were 1,366 Housing Executive tenants receiving the Housing Cost element of Universal Credit in Causeway Coast and Glens at end of March 2020.

The following sections will discuss owner occupied, private rented and social rented sectors in more detail.

Owner Occupied Sector

Owner Occupation comprises 68% of the overall homes in the borough. (Northern Ireland House Condition Survey 2016) Ulster University states that the average house price in Causeway Coast and Glens in 2019 was £172,790 which represents an increase of 8.9% on 2018 figures.

The Local Housing Allowance, from April 2020, for **2 BEDROOM DWELLINGS** within the BRMA is **£87.28** per week

The Local Housing Allowance, from April 2020, for **3 BEDROOM DWELLINGS** within the BRMA is **£93.67** per week

Landlord Registration Scheme

DfC's Landlord Registration scheme identified 6,322 properties registered by 3,742 landlords in Causeway Coast and Glens at February 2020. Due to the ongoing COVID-19 Pandemic, DfC are unable to report end of March 2020 information.

Houses in Multiple Occupation (HMO)

As household groups reduce in size, Houses in Multiple Occupation (HMO) will continue to play a greater role in the housing market, particularly for single households aged under 35. Since 1 April 2019, Belfast City Council has assumed responsibility for licensing of HMOs.

Social Housing Sector

The Social Housing sector share of the housing market in Causeway Coast and Glens was 12% at 2016 (Northern Ireland House Condition Survey 2016).

Housing need for the borough increased in 2019. At March 2020 there were 2,833 applicants on the waiting list for Causeway Coast and Glens with 1,580 in housing stress. There were 429 allocations over the year. Single, older persons and small family households comprise 87% of the housing stress waiting list in the council area with single persons representing almost 50%. The need for small family accommodation remains strong and there is a growing demand to meet requirements for older persons. See Appendix 7 for local breakdown.

Housing Executive properties were sold to tenants under the House Sales Scheme during 2019/20 at an average selling price of

£49,582

for Causeway Coast and Glens.

Social Housing Waiting List Trends

Source: NIHE

The requirement for new social housing in the borough has increased between 2018 and 2019.

791 The five-year assessment for 2019-24 shows a need for 791 units in the borough. Refer to Appendix 2, which shows that projected housing need is mostly concentrated within the main towns.

To address social need, the Housing Executive's three year Social Housing Development Programme (SHDP) has 281 housing units planned.

During 2019/20, 73 homes were completed across Causeway Coast and Glens and 173 units were on-site at 31st March 2020. See Appendix 3 for details of the programme, completions and on-site schemes.

Rural Areas

House and land prices, land availability and low rates of development will rule out owner occupation in the short to medium term for many young rural households within Causeway Coast and Glens. The tendency for owner occupation in rural areas will also result in limited opportunity for the private rented sector to offer affordable accommodation.

The Housing Executive will work with rural communities to identify hidden or 'latent' housing need through rural housing needs tests. These rural locations will be determined following the annual review of the Housing Need Assessment and consideration is also given to requests from community representatives. See Outcome 2 for Site Identification Studies and Outcome 3 for Rural Housing Needs Test.

Homelessness

The number of households presenting as homeless in the borough fell between March 2019 and March 2020 with 949 presenters by the end of March 2020, see Appendix 5. The main reasons for homelessness acceptances continued to be as a result of accommodation not being reasonable and loss of private rented accommodation along with sharing breakdown/family disputes.

There is a range of temporary accommodation options available in Causeway Coast and Glens Borough. During 2019/20, the Housing Executive made 45 placements into voluntary sector hostels and 16 placements in single let properties.

Accessible Housing

Work is continuing on the development of an Accessible Housing Register (AHR). This will allow social landlords to make more effective use of their existing adapted stock. Within Causeway Coast and Glens Council area there is an identified social housing need at March 2019 for 55 wheelchair accessible units. (NIHE Housing Needs Assessment 2019-2024)

Adaptations

During 2019/20, the Housing Executive spent £1.65m on adaptations to their properties in Causeway Coast and Glens. See Appendix 4.

Community Planning

‘A Better Future Together’, the Community Plan for Causeway Coast and Glens was published in June 2017. The Plan covers the 15 year period from 2017 to 2030 and was published using an outcomes based approach in consultation with the Council and its statutory partners.

The Housing Executive is a statutory partner and our Place Shaping staff attends quarterly Strategic Partnership meetings. We participate in a number of actions in the Delivery Plan and we have contributed to ‘A Better Future Together’ Statement of Progress published in November 2019.

This HIP has aligned our housing actions against Community Planning Themes and Outcomes and these are shown in Appendix 1.

Further information on Community Planning in the Causeway Coast and Glens area can be found at [Causeway Coast and Glens Community Planning](#)

Local Development Plan

The Causeway Coast and Glens Local Development Plan (LDP) 2035 will replace the Northern Area Plan 2016 and the existing suite of Regional Planning Policy Statements. As the statutory development plan, the LDP will be the main policy vehicle to influence housing in the borough for 15 years. It is a spatial reflection of the Council's Community Plan and it is appropriate that the HIP is considered in the preparation of the LDP.

The LDP will address the amount of land needed for housing across the borough, in addition to setting out housing policy and objectives. When ratified, the LDP will be the statutory document for assessing future planning applications for housing.

The amount of land needed for new housing will be determined by:

- Housing Growth Indicators (HGIs);
- Allowance of existing commitments;
- Urban capacity studies;
- Housing Needs Assessment;
- Allowance for windfall housing sites; and
- Residual housing need.

The Council's timetable was revised in November 2019 which extended the period for the Council to analyse the Preferred Options Paper (POP) representations from winter 2018 until summer 2020. The Housing Executive have made representations to the Council with regard to the POP in August 2019.

The draft Plan Strategy is timetabled to be published with an eight week consultation period during autumn/winter 2020. The Housing Executive will be involved in the consultation.

Further information on the Local development Plan for the Causeway Coast and Glens area can be found at [Causeway Coast and Glens Development Plan](#)

Housing Executive Spend

The past year has delivered significant housing investment for a wide range of services, and the 2019/20 public sector housing investment totalled £32.82m for Causeway Coast and Glens.

The Housing Executive originally intended to deliver investment of £227 million across all improvement and maintenance activities in its stock in 2020/21. However, other than for emergency situations and the undertaking of statutory inspections and servicing, these activities were suspended in late March 2020 due to the lockdown measures that were put in place by government in response to the COVID-19 pandemic. We have continued to review what works we can undertake in light of the further development of these measures, and in June 2020 we recommenced works to external areas and vacant properties. We will continue to inform all stakeholders as the situation progresses and we have greater certainty on the type and level of stock investment that can be delivered this year.

Aside from work to Housing Executive Stock, the projected spend for 2020/21 is £1.24m for Private Sector Grants and £4.17m for Supporting People.

Glossary

Affordable Housing	Affordable housing is defined as social rented housing and intermediate housing for eligible households.
Affordable Housing Fund	Administered by DfC, this finances an interest-free loan to housing associations, to fund the provision of new affordable homes and the refurbishment of empty homes.
Areas at Risk	This programme aims to intervene in areas at risk of slipping into social or environmental decline by working with residents.
Building Successful Communities (BSC)	Carried out in six pilot areas; this uses housing intervention to regenerate areas and reverse community decline.
Community Asset Transfer (CAT)	CAT provides for a change in management and/or ownership of land or buildings, from public bodies to communities.
Community Cohesion	Cohesive communities are communities where there is a sense of belonging, and there are positive relationships within the community, regardless of background.
Continuous Tenant Omnibus Survey (CTOS)	CTOS is an assessment of the attitudes of Housing Executive tenants.
Department for Communities (DfC)	A government department in Northern Ireland, which came into effect in May 2016 and replaced the Department for Social Development (DSD).
Disabled Facilities Grant (DFG)	A grant to help improve the home of a person with a disability who lives in the private sector to enable them to continue to live in their own home.
Discretionary Grants	Renovation, Replacement or Home Repair Assistance grants are grants that the Housing Executive may approve applications for assistance.
Equity Sharing	Equity sharing allows social housing tenants to buy part of their dwelling (starting at 25%). The remaining portion is rented from the Housing Executive or a registered housing association.
Floating Support	This support enables users to maintain or regain independence in their own homes. Floating support is not tied to the accommodation but is delivered to the individual users.

Fuel Poverty	A household is in fuel poverty if, in order to maintain an acceptable temperature throughout the home, they would have to spend more than 10% of their income on all household fuel.
Full Duty Applicant (FDA)	A Full Duty Applicant is a person to whom the Housing Executive owes a duty under Article 10 (2) of the Housing (NI) Order, 1988, to 'ensure that accommodation becomes available for his/her occupation'.
Home Energy Conservation Authority (HECA)	The Housing Executive is the HECA for Northern Ireland.
House in Multiple Occupation (HMO)	A HMO is a house occupied by more than two qualifying persons, who are not members of the same family.
House Sales Scheme	The House Sales Scheme gives eligible tenants of the Housing Executive, or registered housing associations, the right to buy their property from their landlord, at a discount.
Housing for All	Having met the Together Building a United Community (TBUC) commitment of delivering 10 shared schemes, commitment will be continued through the Programme for Government to support the delivery of 200 units annually, through the Shared New Build Programme, re-branded as 'Housing for All'.
Housing Growth Indicators (HGI)	Figures contained in the Regional Development Strategy, to estimate the new dwelling requirement for council areas and the Belfast Metropolitan Urban Area for 2012-25.
Housing Market Area	A housing market area is the geographic area within which the majority of households move, work and live.
Housing Market Assessment (HMA)	This is an evidence base for housing and planning policies, which examines the operation of housing market areas, including the characteristics of the housing market, how key factors work together and the potential housing need and demand on a cross tenure basis.
Housing Needs Assessment (HNA)	This is an assessment of local housing needs, primarily in relation to general needs social housing, supported housing, Travellers and affordable housing.

Housing Stress	Applicants, on the waiting list, who have 30 points or above are considered to be in housing stress, or housing need.
Intermediate Housing	Intermediate Housing, consists of shared ownership housing provided through a registered housing association (e.g. Co-Ownership Housing Association) and helps eligible households who can afford a small mortgage, but cannot afford to buy a property outright. The property is split between part ownership by the householder and part social renting from the registered housing association.
Rural Housing Needs Test	Rural Housing Needs Test is a housing needs survey carried out in a rural area to assess any potential hidden need.
Mandatory Grants	Disabled Facilities Grants and Repair Grants are grants where the Housing Executive shall approve applications for assistance.
Neighbourhood Renewal	Government departments and agencies working in partnership to tackle disadvantage and deprivation.
NIFHA	Northern Ireland Federation of Housing Associations.
NISRA	Northern Ireland Statistics and Research Agency.
Oil Buying Clubs Scheme	Oil Buying Clubs are designed to help consumers reduce their costs by purchasing oil orders in bulk, as part of a group.
PCSPs	Policing and Community Safety Partnerships.
PPS	Planning Policy Statement.
Supporting Communities Northern Ireland (SCNI)	Supporting Communities Northern Ireland provides training and funding for community groups.
Shared Housing	These are communities where people choose to live with others, regardless of their religion or race, in a neighbourhood that is safe and welcoming to all.
Site Investigation Study (SIS)	A Site Investigation Study is a report which examines all undeveloped lands within a settlement which has consistent unmet housing need. The study, which is prepared by the Housing Executive's Regional Placeshaping Teams, seeks to identify potential sites for the future development of social and intermediate housing.

Social Housing Development Programme (SHDP)	The SHDP provides grant funding to housing associations to build social housing. The programme is managed by the Housing Executive on a three-year rolling basis.
Social Enterprise	Social enterprises are businesses with primarily social objectives whose profits are reinvested to achieve these objectives in a community.
Social Rented Housing	Social Rented Housing is housing provided at an affordable rent by the Housing Executive and registered housing associations; that is, housing associations, which are registered and regulated by DfC as a social housing provider. Social rented accommodation is offered in accordance with the Common Selection Scheme, administered by the Housing Executive, prioritising households who are living in insecure or unsuitable accommodation.
Small Pockets of Deprivation (SPOD)	SPOD is a delivery vehicle for neighbourhood renewal.
Supported Housing	A term used to describe a range of both long and short-term accommodation provided for people who need an additional level of housing related support, to help them lead an independent life.
Supporting People Programme	The Supporting People Programme is designed to provide housing related support, to prevent difficulties that can typically lead to hospitalisation, homelessness or institutional care, and can aid a smooth transition to independent living, for those leaving an institutionalised environment.
Temporary Accommodation	The Housing Executive provides temporary accommodation in the form of Housing Executive hostels, voluntary sector hostels, leased premises (DIME), single lets and non-standard accommodation (B&B/hotel) as and when required. B&Bs and hotels are used, when no other options are available, for a short duration.
Universal Credit	Universal Credit is a new payment being introduced in Northern Ireland, for people of working age (over 18 and under qualifying age for State Pension Credit). It includes support for the cost of housing (rent), children and childcare, as well as support for disabled people, carers and people who are too ill to work.
