#### **Matters Arising**

##### **7.1 Standby Fixed Generator Installation – Cloonavin and Mobile Generator for Business Continuity & Emergency Response to Serve other Council Facilities (Item 7)**

Councillor Holmes stated that he did not believe that there was a need for two standby generators one in Cloonavin, Coleraine and one in Riada House, Ballymoney as agreed at the Environmental

Services Committee Meeting of 7 November 2017, and proposed that Council accept the original recommendation.

The Director of Environmental Services informed Members that it would be possible to insert a tail to a static generator from which a mobile generator could link into and that the rationale is that Riada House would be the back-up for IT provision for Council. The proposal going forward would be for a static generator to be installed in Cloonavin for emergency planning purposes and tails left for a mobile generator in the facilities discussed. The cost estimated at approximately £5,000.

Councillor Clarke suggested that Council Officers should explore the opportunity that exists to sell generator capacity to third parties and feed into the grid as and when required.

Councillor Holmes was happy to incorporate this into his amendment.

The Director agreed it would be explored in further detail and brought back as part of the tendering process.

#### **Amendment**

Proposed by Councillor Holmes

Seconded by Councillor Loftus

- to recommend that approval be given to progress the purchase of a standby static generator for Cloonavin and to include the investigation of tails at a number of key locations and that Council should explore the opportunity that exists to sell generator capacity to third parties and feed into the grid as and when required.

The Deputy Mayor put the amendment to the vote. 30 Members voted for, 0 Members voted against and 4 Members abstained.

The Deputy Mayor declared the amendment **carried**.

### **7.2 Adoption of the Minutes**

## 8. MINUTES OF LEISURE & DEVELOPMENT COMMITTEE MEETING HELD TUESDAY 14 NOVEMBER 2017

Councillor Douglas presented the Minutes.

### Matters Arising

At a meeting of the Leisure and Development Committee on Tuesday 14 November 2017, the Committee received a report and supporting information previously circulated to provide Members with an update on the development of a Bushmills Regeneration Plan, beyond the 2020 Village Plan.

At the meeting **it was recommended** on the basis that a Bushmills 'Arrival Hub' has an identified need, that AECOM refine the work relevant to Bushmills circulated through:

- Consultation with landowners / community groups / relevant stakeholders
- Establish the objectivity of need through proxy analysis
- Detailed cost analysis for each site
- Economic benefit derived through each site
- Capital funding opportunities

Facilitating the completion of the Outline Business Case and Economic Appraisal.

At the meeting it was **AGREED** that subject to a familiarisation site visit to Bushmills, that decision on the recommendation be deferred to the 28 November 2017 Monthly Council Meeting.

### 8.1 The Regeneration of Bushmills (Item 5)

Proposed by Councillor Hunter  
Seconded by Alderman Hickey and

**AGREED** – that following the familiarisation visit of the Leisure and Development Committee Members Council approves the recommendation that a Bushmills 'Arrival Hub' had an identified need, that AECOM refine the work relevant to Bushmills circulated through:

- Consultation with landowners / community groups / relevant stakeholders

- Establish the objectivity of need through proxy analysis
- Detailed cost analysis for each site
- Economic benefit derived through each site
- Capital funding opportunities

Facilitating the completion of the Outline Business Case and Economic Appraisal.

Upon a query from Alderman S McKillop in relation to the Dundarave Car Park Extension the Director of Leisure and Development clarified that early work had been done to give prioritisation and ranking but nothing would move forward until local extensive consultation with numerous groups had taken place.

In answer to a query from Councillor P McShane in relation to lands available the Director of Leisure and Development confirmed that since the meeting which took place the previous Friday one additional piece of land maybe in for consideration. Whilst it did not change the ranking of the existing sites identified, it would be included but doesn't change the process or potential outcome.

## **8.2 Grants Programmes for 2018/2019 (Item 8)**

### ***Commemoration Grants***

Councillor Knight McQuillan stated that a Notice of Motion had been agreed by Council in September 2017 which stated that funds would be set aside for the commemoration of the end of the Great War. Councillor Knight-McQuillan requested clarification from the Director of Leisure and Development as to whether the grant was specific to commemorations or to commemorations of the End of the Great War as the criteria set out did not make this clear.

The Director of Leisure and Development informed Members that the fund was conceived by Members in relation to annual historic events which community groups are seeking funding for; it was a general Commemoration Fund and not specific to the end of the Great War. He referred Members to Annex A of the original report (previously circulated) and the Grant Funding Policy.

### **Amendment**

Proposed by Councillor Knight-McQuillan

Seconded by Councillor Stevenson

- to recommend that Council accepts the recommendation 2 of the Committee in relation to the Grant Programmes for 2018/2019 with the exception of the Commemoration Grant Fund for 2018/2019 and that detail and parameters of the criteria for this fund be defined and brought back to Committee.

The Deputy Mayor put the Amendment to the vote. 22 Members voted for, 12 Members voted against and 1 Member abstained. The Deputy Mayor declared the amendment **carried**.

**AGREED** - that Council accepts the recommendation 2 of the Committee in relation to the Grant Programmes for 2018/2019 with the exception of the Commemoration Grant Fund for 2018/2019 and that detail and parameters of the criteria for this fund be defined and brought back to Committee.

### **8.3 Grant Funding Policy Annual Review (Item 7)**

Alderman Cole enquired as to whether any preference should be given to those Groups and Community Associations that have historically been receiving grants for a large number of years.

The Director of Leisure and Development confirmed to Members that every grant application followed the same process and it was clarified in the policy that any Group or Community Association that received grants in the past did not automatically entitle them to receive funding in the future. Every single application is considered on its own merits on a case by case basis and no organisation is given preference or priority above any other.

The Director of Leisure and Development confirmed that the Funding Unit Manager runs regular Grant funding Workshops for all the Community Groups and confirmed he would ensure that Members would be made aware of when and where these will take place.

### **8.4 Play Strategy (Item 9)**

Councillor C McShane commended the amount of work already done on this and enquired as to what weight was given to Council prioritising projects going forward.

The Director of Leisure and Development informed Members that as a consequence of the Audit carried out in the development of the Play Strategy, is it how Council therefore prioritise the works

moving forward at the next stage. He confirmed that a report will be brought back to Council on the prioritisation process.

## **8.5 Adoption of the Minutes**

Proposed by Councillor Douglas  
Seconded by Alderman Hillis and

**RESOLVED** – that the Minutes of the proceedings of the Leisure and Development Committee held Tuesday 14 November 2017 be adopted and the recommendations therein approved subject to the inclusion of amendment at 8.2 and excluding Item 15.

## **9. MINUTES OF CORPORATE POLICY & RESOURCES COMMITTEE MEETING HELD TUESDAY 21 NOVEMBER 2017**

Councillor McCandless presented the Minutes.

Councillor Duddy raised a Point of Order with regard to Item 19.1 of the Corporate Policy & Resources Committee Meeting, Land and Property Sub-Committee Minutes – Legal Issues which would be required to be discussed 'In Committee' at the end of the Agenda. He stated that given the nature of the item the Planning Committee Members may be required to declare an interest and leave the Chamber whilst the item was discussed, which would reduce the number of Members left to vote and therefore render the meeting inquorate.

Proposed by Councillor Duddy  
Seconded by Councillor Stevenson

- to recommend that Council suspend Standing Orders for Item 19.1 to allow the item to be discussed and a decision to be made 'In Committee' items at the end of the meeting.

The Chief Executive clarified to Members that should the Planning Committee Members vacate the Chamber for Item 19.1 there may not be a quorum to vote, therefore Standing Orders would have to be set aside so that a decision could be made.

Council's Solicitor informed Members that the item at 19.1 is connected to a live Planning application which was to be brought to the Planning Committee and advised Members of the Planning Committee to leave the Chamber and not take part in any discussion at that stage.

The Council Solicitor also informed Members that Planning Committee Members could participate in the vote to suspend Standing Orders but advised not to remain in the Chamber during discussion of the item later in the meeting.

Councillor Harding requested a recorded vote.

The Deputy Mayor put the motion to Council to vote, 36 Members voted for, 1 Member voted against, there were no abstentions.

The Deputy Mayor declared the proposal carried.

Councillor Stevenson requested if Members were to be informed of how much will be projected to be needed in terms of setting the external rates to complete these Capital Projects.

The Director of Leisure and Development stated that the actual forecast spend in each of the financial years for all the projects was within the estimate of the Capital Projects reports which was presented through the Corporate Policy and Resources Committee and that report provides nothing more than a financial planning tool. Every single project has to be presented to Council for agreement to proceed through the various stages.
