1. INTRODUCTION

1.1 A consultation (January 2021) on a proposed structural memorial to those who lost their lives in the 1973 Coleraine Bomb presented a recommendation that Causeway Coast and Glens Borough Council give consideration to the development of a policy for use when considering memorials and commemorations. The report suggested that *“future policy environment around memorials should be considered and Council should reflect upon any Section 75 implications that could arise as a result of engaging with memorialisation and commemoration more broadly.”* The report further recommended; *“That council considers the development of a policy which relates specifically to memorialisation and commemoration on the basis that: Council staff and the broader public would benefit from clarity, guidance and specific policy that relates to memorialisation and commemoration, so moving forward there is consistency surrounding advice, information, public engagement and general decision-making on this sensitive issue.”*

1.2 In the absence of any overarching direction from the Northern Ireland Executive as to the management of memorials and commemorations, Causeway Coast and Glens Borough Council recognises the need to implement a policy framework that provides clarity for Elected Members, Council Officers and the broader public, on decision-making within Council when considering memorials of any kind.

1.3 This policy framework is designed to support and facilitate consistent, fair, transparent and ethical approaches to decision-making that has the confidence of the Elected Members, Council Officers, and the wider constituency of the Causeway Coast and Glens Borough Council.

1.4 The purpose of the policy is to provide an overview of the Council’s principles and conditions with regard to memorials, together with a framework and set of criteria to be applied in the assessment of all applications made to Council.

1.5 As a statutory duty, the policy framework will abide by Section 75 of the Northern Ireland Act 1998 to ensure that *‘equality of opportunity and good relations are central to policy making, policy implementation, policy review and service delivery’*. Further to this, Causeway Coast and Glens Borough Council will adhere to all relevant statutes and guidance when making decisions concerning memorials:

- Local Government (Miscellaneous Provisions) (NI) Order 1995
- Disability Discrimination Act 1995
- Sex Discrimination Act 1976
- Race Relations (NI) Order 1997
- Fair Employment and Treatment (NI) Order 1998
- Section 75 & Schedule 9 (NI) Act 1998
- Human Rights Act 1998
- Belfast/Good Friday Agreement 1998
- St Andrew’s Agreement (NI) Act 2006
- ECNI Guidance; Promoting a Good and Harmonious Environment 2009
- OFMDFM: Together Building a United Community 2013.

2. POLICY STATEMENT

Causeway Coast and Glens Borough Council has developed this policy to consider:

- (a) Support **to fund** the erection of a public memorial **on Council property** by a third party,
- (b) Support to third parties to **utilise council land** to erect/site a public memorial
- (c) **Support to fund a public memorial** in the Causeway Coast and Glens Borough Council area on land not in Council's ownership
- (d) Request for Council to **lead on and fund** a public memorial,
- (e) Request for a **public commemorative name (change)** on a property owned by council.
- (f) Request for a **Private Memorial Tree** dedicated to a loved one.

Public memorials in this context include: monuments, statues, markers, or other landscape features that honour significant historical figures or events.

As an alternative to a public structural memorial, Council may also consider requests for a public commemorative name; in the form of naming or renaming of premises, buildings, rooms, council owned halls or centres (please refer to Appendices IV & V).

Council may also consider requests for a private memorial tree to be planted in memory of a loved one (please refer to Appendix VII). This decision has come about to (a) streamline policy and procedures for both public and private memorials and (b) confine the dedication of private memorials to 'trees' only based on issues arising from memorial benches ie management, maintenance, suitable locations, including sensitivities when benches need to be removed ie end of lifespan, vandalism, or for other operational reasons. (Please refer to Environmental Services Committee Policy on Provision of Memorials 6 October 2015).

The guiding principles set out in the policy framework are designed to assist Council Officers and Elected Members to ensure informed, transparent, and fair decision making, and a framework and criteria applicable to requests of this nature, taking into account the responsibilities of Council and of those making the request (applicant).

The policy framework will also take into account existing policies in place that deal with other particular forms of personal commemorative practice such as the Guidelines and Procedure for Open Spaces Memorial Provision ie benches, trees, personal remembrance etc (Environmental Services Estate Department), in Council owned open spaces.

3. DEFINITIONS

Public Memorials

The term Memorial in this context refers to any one of the following placed in the public realm such as:

- Statue
- Monument
- Structure or marker
- Other landscape feature

Public Commemorative Name

The term commemorative name in this context refers to the naming or renaming of premises, buildings, rooms, council owned halls or centres (as an alternative to a public structural memorial).

Private Memorial Tree

The term Private Memorial Tree in this context refers to the dedication of a tree in memory of a loved one at one of several designated sites as outlined by Environmental Services Estate Department in their Guidelines and Procedure for Open Spaces Memorial Provision.

Memorial Advisory Group

A group consisting of Elected Members and Senior Management Officers called as and when appropriate to discuss memorials that have the potential to be contentious.

Saturation Zone

Saturation zone in this context refers to an area that has a disproportionate number of memorials/markers that impede on the primary purpose of the area.

4. ACCOUNTABILITY AND RESPONSIBILITIES

The responsibility for the implementation of the policy rests with the relevant Director and Head of Service depending on the nature of the request within this policy.

All Employees	<ul style="list-style-type: none"> • Take due care to ensure compliance with the Policy.

5. IMPLEMENTATION ARRANGEMENTS/ASSOCIATED PROCEDURES

5.1 PRINCIPLES AND CONDITIONS

Causeway Coast and Glens Borough Council is committed to the Nolan Principles for local authorities:

1. Selflessness; to act solely in terms of the public interest.
2. Integrity; avoid interests and relationships that compromise integrity.
3. Objectivity; take decisions, fairly and on merit, using the best evidence and without discrimination or bias.
4. Accountability; decisions and actions are accountable to the public.
5. Openness; act and take decisions in an open and transparent manner.
6. Honesty; being truthful.

5.2 Purpose of the Procedure

This Policy Framework sets out principles of good practice in the management and decision-making of memorials/installations that fall within the remit of the

Council. These principles are put in place to safeguard the interests of Elected Members, Council Officers and the wider constituency it serves.

This Policy Framework is designed to support and facilitate consistent, fair, transparent and ethical approaches to decision-making on requests for support for memorials/installations that have the confidence of the Elected Members, Council Officers and the wider constituency of the Causeway Coast and Glens Borough Council.

5.3 Who can make an application

The application process is open to any individual, families, groups, businesses, that are based in, or operate within, the Causeway Coast and Glens Borough Council area.

This application process is appropriate for;

- (g) Support for funding and/or to erect a public memorial on Council property,
- (h) Support to erect a public memorial on Council property,
- (i) Support to fund a public memorial in the Causeway Coast and Glens Borough Council area,
- (j) Request for Council to lead on a public memorial,
- (k) Request for a public commemorative name.
- (l) Request for a Private Memorial Tree dedicated to a loved one.

5.4 System for requests/proposals

Requests will only be considered when put in writing using a standard application form available on request through Council.

5.5 Application process

Please note:

- **Personal memorials** ie to individuals in the form of benches, personal memorials in cemeteries, personal commemorative plaques and personal memorials on buildings are not included in this policy framework.
- **Blue Plaques** ie a permanent sign installed in a public place to commemorate a link between that location and a famous person, serving as a historical marker. Please make contact with the Ulster Historical Society.
- **War Memorials** ie requests for insertion of names onto War Memorials; names must be authenticated by the relevant local branch of the Royal British Legion.
- **Support** ie in the case where Council cannot offer financial support, Council will help in as much as possible to identify sources of funding elsewhere.

Timeframe for Memorials: Given the detailed processes to be followed in respect of proposals and requests for public memorials, Council is not in a position to give a timeline in respect of a completion date.

Timeframe for Commemorative Name: Given the nature of requests of this nature, applications must allow a minimum of twelve months for them to be considered.

Process: On receipt, applications will be considered on merit; using a scoring matrix. In addition to an EIA, if required, a Council Memorial Advisory Group (consisting of cross-party elected members & senior management) may consider any application that has the potential to be contentious.

Criteria: Council has devised a selection of criteria that will be considered when a request is put forward for; a Public Memorial, a Commemorative Naming, or a Private Memorial Tree, all of which are included in the appendices (see annex).

Designated area: Applicants must be able to demonstrate that the proposed site of the memorial/installation is the best available location: The choice of location must have no negative impact on good relations.

Where an application is made in a designated area outside of Council's land and property, all necessary approvals regarding location and fixing will be required from the relevant planning authority. If the proposed site is on private property or land, the Council will not support any proposal without the formal consent of the owner.

Saturation Zones: Where a designated area has existing memorials / installations in place, Council will have discretion not to create (a) an imbalance or proliferation of memorials to a particular figure or event, (b) a detraction from the prime purpose of the area.

Costs: In any successful application, costs will be agreed in advance of any support from Council including the applicant's contribution, which will be incorporated into a contract made between Council and applicant. Such contracts may include agreement on costs to be covered by Council and to be covered by applicant for installation; including but not exclusive to design, fabrication specification, cost of preparation and submission of planning application/s, fabrication, specialist requirements such as engineers approvals / certificates, delivery, site preparation, site safety, installation and subsequent maintenance, cleaning, insurance and repair (if the installation becomes damaged or is vandalised), and project management.

It is important to note that Council will only consider a financial contribution to any proposed memorial and will not accept any physical input on the structure or any additionality to the structure.

Consultation: Applicants must provide evidence that the community to be directly impacted by the memorial/installation has been consulted widely by the applicant and that an appropriate level of support is forthcoming, with any

objections declared, so that assessment by Council is measured and reasonable.

Practicalities: Memorials and installations will be judged against practicalities (use of materials and technical requirements) and appropriateness; scale, design, aesthetics, that are appropriate to the landscape of the designated area. As mentioned above in the costs, Council is unable to accept any physical input on the structure by the individual or group requesting the memorial.

Other forms of public memorials: In addition to the definition as outlined above, embedded decorative/inscribed paving, tiling or bricks may be considered. It is strongly recommended that an artist is involved in the creation of this type of memorial as their involvement can add interest and sincerity to the design of such a memorial.

Health and Safety: Memorials and installations need to comply with health and safety regulations. Applicants will comply with any changes as recommended by Council to comply with health and safety regulations pertaining to maintenance and repair.

Impact: Council will consider the impact the proposed memorial/installation may make on equality of opportunity and good relations activity that focuses on providing *'opportunities for civic and community leaders to promote the area as a model of best practice in developing respect, understanding and tolerance of the cultural, historical and traditional diversity of the residents.'*

With regards to Council's statutory obligations under Section 75 of the (NI) Act 1998, memorials and installations must be in keeping with good relations principles. Applications will not be considered if the memorial is seen to:

- *Harden the attitudes and mindsets of one community over the other.*
- *Harden the boundaries between groups/communities.*
- *Appear to dehumanise or diminish one group/community.*
- *Appear as an imposition of one group/community over another.*
- *Erode the confidence of one group/community.*
- *Appear to undermine identity through negation of culture, language, and expression.*
- *Negatively impact or affect any member of the public.*
- *Serve to promote the values and rights of one group/community over another.*

Further to Council's statutory obligations under Section 75 of the NI Act 1998, each decision will be screened to identify potential adverse impacts and, where appropriate, an EQIA will be carried out. Discretion will rest with Council as to what is considered to be contentious and will follow due process in reaching a reasonable, transparent and proportionate decision.

Decommissioning/Removal of memorials:

Council reserves the right to remove a memorial after 10 years or at a point at which it has fallen into a state of disrepair or shabbiness or for health and safety reasons.

The Council reserves the right to remove or to relocate a memorial should this be required by any future development scheme/s that are considered a priority for the Council and/or area.

6. EVALUATION AND REVIEW OF THE POLICY

This Memorialisation Policy Framework will be reviewed on an annual basis by the Senior Management Team and Corporate Policy and Resources Committee and, as part of this review, an evaluation will be conducted on the effectiveness of the policy and procedures in relation to receiving and assessing requests from applicants.

This Memorialisation Policy Framework will also be reviewed in light of any guidance that may be forthcoming from the Northern Ireland Executive as to the management of memorials and commemorations.

7. SECTION 75 EQUALITY AND GOOD RELATIONS

Causeway Coast and Glens Borough Council is fully committed to meeting its obligations in relation to Equality and Good Relations under Section 75 of the Northern Ireland Act. In this regard this policy will be screened using Section 75 guidelines and will be subject to an Equality Impact Assessment if found necessary as a result of the screening process.

3. Why is there is a connection to the location for a commemorative naming to the person / event.

4. If applicable, have you consulted with those who use the space or place that will be directly impacted by the commemorative name? Please provide evidence and attach consultation process and outcomes.

3, PREPARATION, PROCESS, AND INSTALLATION

5. Have you sought the consent from members of the family, estate, or group connected to the individual or event to be commemorated? Please provide details.

6. Please provide proposed wording for the commemorative name (Please attach any proof that wording is accurate if applicable).

4, IMPACT ON EQUALITY / GOOD RELATIONS

7. Council will consider the impact the proposed commemorative name may make on equality of opportunity and good relations activity that focuses on providing *'opportunities for civic and community leaders to promote the area as a model of best practice in developing respect, understanding and tolerance of the cultural, historical and traditional diversity of the residents.'* The application will not be

considered if it is considered that it may have a negative impact on Equality and Good relations.

STAGE 4

APPENDIX VIII

Application Form for a Private Memorial Tree (including Guidelines and Procedure)

Scheme Objectives

1. To replace any previous policy/guidelines/approval process for the provision of Open Space Memorials/Trees. An existing Memorial/Tree cannot be taken as a precedent for future approval as previous approvals were granted by previous legacy councils and not by Causeway Coast & Glens Borough Council. Alterations to existing Memorials/Trees will need to comply with this Policy.
2. To confirm that, from November 2015, only trees can be provided by members of the public to commemorate the memory of a loved one.
3. To provide a consistent approach to the provision of Memorial Trees.
4. To ensure the design and siting of Memorial Trees is consistent with the public interest, conserves the natural environment and cultural character of Council's Open Spaces.
5. To ensure that the placement of any Memorial Tree is proportionate to the surroundings and does not provide a safety risk now or in the future.

Operating Principles

1. Memorial Trees will only be considered for planting in designated Open Spaces (see attached list of locations)
2. In locations where there will be several trees in the same area, no more than 50% of trees will be approved as Memorial sites. This is to prevent the area taking on the ambience of a dedicated memorial garden/space.
3. A small memorial plaque will be permitted and should be situated close to the base of the tree. It should measure no more than 25cm x 15 cm, be supported on a single post between 60cm and 1m above ground level. The inscription on the plaque is to be restricted to 'In The Memory of...' the name of the person with dates of birth and death. Wording such as 'Beloved wife and mother of..' will not be permitted.
4. To ensure installation is undertaken safely to the required standards, Council will provide and install all Memorial Trees and associated groundworks.
5. Memorial Trees and their siting which have a financial burden for Council will not be considered eg requiring regular pruning/cutting back
6. Council accepts no replacement liability for the Memorial Tree at the end of its life or if damaged through vandalism. Any replacement of Memorial Trees will be the responsibility of the original applicant and this process must follow the same application procedure within this policy. Applicants may wish to take out insurance against accidental damage or vandalism.
7. No additional mementoes, eg. statues, flowers, wreaths, vases etc will be permitted on or around the Memorial Tree.

Memorial Purchase Procedure

1. Customer enquiries are provided with a copy of this policy along with an application form.
2. Completed form should be returned to *Environmental Services, Riada House, 14 Charles Street, Ballymoney, BT53 6DZ.*
3. The allocated officer considers the request and subject to meeting the criteria will put before the Director for approval.

4. Approved requests will be notified to the customer and once payment has been received, the Memorial Tree will be purchased and installed by Council.
5. Unsuccessful requests will be notified to the customer along with the reason for their refusal.
